OBJECT

Dank der Kreativität junger Designer und der Fähigkeit erfahrener Handwerker fertigen wir unter Verwendung von kontrollierten Materialien und neuesten Technologien seit über vierzig Jahren abziehbare Polstermöbel in der Brianza.

We have been producing furniture with removable covers in Brianza for more than forty years thanks to the creativity of young designers and the skilled work of expert artisans, using new technologies and rigorously tested materials.

MADE IN ITALY

PREISLISTE 2023

Die Ventura-Kollektionen beinhalten eine Serie von Polstermöbelementen wie zum Beispiel Sofas, Sessel, Möglichkeiten mit Betteinbau, Betten etc. Unsere Produkte werden in den verschiedensten, individuell vom Endkunden ausgewählten Varianten gefertigt. Somit ist jedes unserer Produkte ein "Unikat" und bekommt sein persönliches Produktzertifikat. Dieses beschreibt die genauen produktindividuellen konstruktiven Charakteristiken, beinhaltet auch die jeweiligen empfohlenen Reinigungs- und Pflegeanleitungen und ist für eventuelle Nachbestellungen, Kundendienst und Reklamationen **absolut unabdingbar**. Der Händler muss den Endkunden unbedingt darauf hinweisen, das Zertifikat während der gesamten Lebensdauer des Produktes aufzubewahren.

Ventura ist eine registrierte Marke mit der Exklusiv-Lizenz von:

BLEX s.r.l.
Via Mantegna, 9/11
20836 Briosco (MB)
Telefon: +39 0362 828061
E-mail: office@ventura.it

PRICE LIST 2023

The Ventura collections include a range of various types of upholstered furnishing elements: sofas, armchairs, models incorporating a bed, beds, etc. Our products are made to order based on the options chosen by the end customer. Every product is therefore unique and supplied complete with a "**PRODUCT CERTIFICATE**". The certificate describes the construction features, gives the customer advice about maintenance and is essential in the event of any customer service requests. The retailer must inform the customer of the importance of preserving the "**PRODUCT CERTIFICATE**" for the entire life of the product.

Ventura is a trademark registered under exclusive license to:

BLEX s.r.l.
Via Mantegna, 9/11
20836 Briosco (MB)
Telephone: +39 0362 828061
E-mail: sales@ventura.it

Charakteristiken der Standardausführung des Produktes ohne jeglichen Aufpreis.
Features and finishes included as standard with the product at no additional cost.

Modellname.
Model name.

Beschreibung des Produktes.
Product description.

Produkt-Kollektion.
Product collection.

Stoffbedarf für die Ausführung des Modells, wenn er vom Kunden zugesandt wird.
Erforderliche Breite: 1,40 m.
Metres of fabric needed to cover the product when the fabric is to be supplied by the customer.
Required height: 1,40 m.

Abmessungen: Breite incl. Kissen, Tiefe und Höhe.
ACHTUNG: Die Maßangaben aller Produkte sind unbedingt als circa-Maße anzusehen und können etwas variieren, da es sich um sagomatische Polstermöbel (-elemente) handelt.
Dimensions: width, depth, height.
ATTENTION: the dimensions are purely indicative as they refer to upholstered and shaped elements.

LUDO

GENERELLE NORMEN

GÜLTIGKEIT DER PREISLISTE

Diese Preisliste annulliert & ersetzt die vorige(n) und gilt ab dem 01-10-2023

PREISE

Die Preise dieser Preisliste verstehen sich in Euro ohne MwSt.

MAßE

Die Maße in Preisliste & Katalog sind in Zentimetern angegebenen und sind leicht variabel, da es sich um sagomatische Polstermöbel handelt. Leichte Maßabweichungen sind auch daher möglich, da die verschiedenen Stoffe und Polsterfüllungen unterschiedliche Dehnbarkeits- und Festigkeitsgrade haben. In jedem Fall können die angegebenen Maße auch während der Gültigkeitsdauer der Preisliste variiert werden, sind also nicht verbindlich. Sollten Sie in einem Fall genaueste Maßhaltigkeit benötigen, geben Sie dies bitte spezifisch im Auftrag an.

FARB-TÖNE UND VERARBEITUNG DER STOFFE

Die Farben der Stoffe der Kollektion sind aus technischen Gründen nie 100%-ig identisch nachzufertigen. Dies gilt besonders für Stoffe, die im besonderen Maß gefertigt bzw. vorbehandelt wurden, wie z.B. Vorwäsche, oder aber stone wash, was eine optische Art der "Benutzung" provozieren soll wie beispielsweise bei einer Jeans. Aus diesem Grund kann die Firma keinerlei Verantwortung für leichte Farbunterschiede wie z.B. zwischen Stoffbügelmuster und gefertigtem Bezug oder besonders auch bei einer späteren Folgebestellung des gleichen Stoffes übernehmen.

AKTUALISIERUNG UND BILDER DER PRODUKTE

Eventuelle Modifikationen und Verbesserungen innerhalb der Kollektion, ob an Materialien oder der Charakteristik der Modelle können von der Firma auch während Laufzeit des geltenden Kataloges vorgenommen werden. Jegliche Änderungen würden allen Händlern unverzüglich via Rundschreiben mitgeteilt. Die in dieser Preisliste gezeigten Produktfotos sind nur indikativ und müssen nicht unbedingt genau das jeweilige Standardmodell wiedergeben, da es ggf. durch Accessoires und Extras ergänzt worden ist, welche im Grundproduktpreis nicht enthalten sind.

VERPACKUNG UND TRANSPORT

Jedes Produkt wird im sorgfältigsten Maße verpackt, um den Schutz gegen Schäden gewährleisten zu können. Die Aufgabe des Empfängers ist es, bei Erhalt die Ware auf Unversehrtheit der Verpackung & eventuelle Schäden zu überprüfen. Offensichtliche Transportschäden müssen neben Vermerk auf dem Lieferschein unverzüglich, maximal jedoch innerhalb von 5 Tagen dem Hersteller schriftlich angezeigt werden, da hiernach die Garantiefrist & somit auch das Ersatzrecht erlischt. Das Produkt wird ab einem EK-Wert von 600 € frachtfrei an Ihre Lageradresse geliefert. Wird diese Summe unterschritten, gehen die Transportkosten zu Lasten des Empfängers. Falls Ihr Lager in einem besonders kritischen oder schwer erreichbaren Ort ist, behält sich das Unternehmen das Recht vor, einen Beitrag zu den Transportkosten zu erheben, der entweder in Form eines Preiszuschlags oder einer Reduzierung der Rabatte erfolgen kann. Für Lieferungen an andere Adressen als Ihr Lager fragen Sie bitte nach der Machbarkeit und einem speziellen Angebot. Direktlieferungen an Privat sind ausgeschlossen.

ZAHLUNG

Die Zahlung muss die angegebene Form und die gesetzlichen Fristen erfüllen bzw. einhalten. Im Falle einer Verzögerung werden Verzugszinsen i.H. von 5 % über dem Basiszinssatz sowie Mahnkosten fällig. Wir dürfen einen Anwalt bzw. ein Inkassobüro mit der weiteren Bearbeitung beauftragen und nachfolgend gerichtliche Hilfe in Anspruch nehmen, wahlweise und kumulativ die Forderung zur weiteren Beitreibung abtreten. Die hierfür anfallenden Kosten gingen dann ebenfalls zu Ihren Lasten. Bis zur vollständigen Bezahlung bleibt die Ware Eigentum der Firma Blex S.r.l.

GERICHTSSTAND

Für jede eventuelle Streitfrage gilt der Gerichtsstand der Firma, Monza, Italien. Jeder Streitfall wird nach italienischem Recht gemessen und behandelt.

AUFTRÄGE / BESTELLUNGEN

Die Bestellung muss immer in schriftlicher Form eingehen. Telefonisch erteilte Aufträge erhalten erst nach folgender schriftlicher Bestellung ihre Gültigkeit. E-mail: office@ventura.it

Sollte bei uns eine unklare oder nicht vollständige Bestellung eintreffen, wird sich unser Exportbüro mit Ihnen in Verbindung setzen. Die berichtigte Bestellung muss wiederum in schriftlicher Form erfolgen. Hierauf folgt von unserer Seite die Auftragsbestätigung.

AUFTRAGSBESTÄTIGUNG

Die Auftragsbestätigung erfolgt auf jeden erhaltenen Auftrag. Die Auftragsbestätigung beschreibt die Ausführung des Produktes, wie es realisiert wird. Es ist die (gesetzliche) Aufgabe des Auftragserteilers, diese immer auf ihre Richtigkeit zu kontrollieren, da sie ab 3 Werktagen als akzeptiert & verbindlich gilt und mit der Produktion dementsprechend begonnen wird.

ÄNDERUNG VON BESTELLUNGEN

Änderungen an schriftlichen Aufträgen können nur innerhalb von 3 Tagen ab Versand der Auftragsbestätigung erfolgen. Es liegt nach Ablauf dieser Frist in Ermessen & Gewalt unserer Produktion, Abweichungen & Änderungen zu akzeptieren, sofern das Produkt noch nicht in die Fertigungsphase eingetreten ist.

SONDERANFERTIGUNGEN

Gewünschte Sonderanfertigungen müssen von unserem technischen Büro auf deren Realisationsmöglichkeit geprüft werden und im Falle der möglichen Fertigung wird ein Kostenvorschlag erstellt. Sonderanfertigungen können radikal das Erscheinungsbild und die Grundstruktur des Produktes ändern. Des Weiteren ist es mit einem Prototyp zu vergleichen, da nicht zuvor wie bei jedem neuen Element, welches in die Standardproduktion aufgenommen wird, Tests zur Optimierung und Perfektionierung vorgenommen werden konnten. Auch und vor allem aus diesem Grund unterliegen jegliche Sonderanfertigungen NICHT der gesetzlichen Garantiefrist. Um Ersatzbezüge von Modellen fertigen zu können, welche seinerzeit in Sondermaßen / als Sonderanfertigungen realisiert wurden, ist die Einsendung des Originalbezuges unabdingbar. Da es sich auch bei den Ersatzbezügen automatisch um eine Sonderanfertigung handelt, ist dies mit einem Aufpreis auf den in der Preisliste angegebenen Bezugspreis verbunden, welcher vor der Anfertigung kommuniziert wird.

LIEFERUNG

Eine eventuelle Verzögerung der in der Auftragsbestätigung angegebenen Lieferzeit berührt nicht die Gültigkeit der Bestellung. In diesem Fall ist es Pflicht des Herstellers, den Händler innerhalb von 7 Werktagen nach Auftragsingang auf Verspätungen hinzuweisen, welche z.B. durch Verzögerungen in der Anlieferung von Rohmaterialien entstehen. Eine eventuelle Verspätung des Liefervorgangs selbst durch den Transporteur (z.B. Feiertage, hohes Verkehrsaufkommen, höhere Gewalt etc.) liegt nicht in unserem Kompetenz- & somit nicht in unserem Verantwortungsbereich.

SPEZIELLE NORMEN

AUSFÜHRUNG DES BEZUGES

Sollen Bezüge mit einem andersfarbigen Keder realisiert werden, so ist dies gegen einen Aufpreis von 5 % auf das Produkt möglich. Dieser Aufpreis ergibt sich aus der Extra-Arbeitszeit durch Zuschnitt per Hand sowie den höheren Stoffbedarf. Wird ein Modell mit verschiedenen Stoffen gewünscht, so ist dies gegen einen Aufpreis von 5% auf das Produkt möglich. Dieser Aufpreis ergibt sich aus der Extra-Arbeitszeit durch Zuschnitt per Hand sowie den höheren Stoffbedarf.

FREMDSTOFFE

Fremd-/Kundenstoffe müssen 140 cm breit liegen und die im Katalog angegebene benötigte Meterzahl erfüllen. Es müssen die rechte bzw. linke Seite des Stoffes gekennzeichnet sein und eventuelle spezielle Verarbeitungswünsche mitgeteilt werden. ACHTUNG: Kundenstoffe können von uns nicht vorgewaschen werden! Bei Fremd-/Kundenstoffen, welche nicht unifarbend sind und einen Rapport haben, muss jener unserem technischen Büro mitgeteilt werden, sodass die benötigte Mehrmenge des Stoffes kalkuliert werden kann.

ERSATZBEZÜGE

Jede Bestellung von Ersatzbezügen muss in schriftlicher Form mit beiliegender Kopie des "PRODUKTZERTIFIKATS" an unsere Firma übermittelt werden.

ERGÄNZUNGSBESTELLUNGEN

Jeder Typus von Ergänzungsbestellung wie z.B. Zusatzelemente zu einer bereits gelieferten Komposition muss in schriftlicher Form mit beiliegendem "PRODUKTZERTIFIKAT" an unsere Firma übermittelt werden. Es ist zu beachten, dass jegliche zu automatisch einem späteren Zeitpunkt erfolgende Ergänzungsbestellung ästhetisch abweichende Charakteristiken haben kann, wie besonders Farbe des Stoffes sowie Volumen der Polsterung bzw. Schäume.

LEDER - ECOLEDER

Aufgrund von Problemen mit der Transpiration und der Ästhetik können nicht alle Produkte aus diesen Materialien hergestellt werden. Alle Artikel, deren relativer Preis in der Spalte "LEDER" der Preisliste angegeben ist, können entweder aus Leder oder aus ECO-Leder hergestellt werden. Andererseits können Artikel, bei denen die Angabe "LEDER" nicht ausgefüllt ist, NICHT aus Leder oder ECO-Leder hergestellt werden.

TECHNISCHE CHARAKTERISTIKEN DER STRUKTUR

KORPUS

Der Korpus ist der tragende Teil des Produktes. Seine technischen, baulichen und ästhetischen Eigenschaften sind das Resultat von Forschung und Erfahrung bezüglich der Struktur, Begurtung und Polsterung.

- Der Kern der Struktur ist aus Tannen-, Buchen- oder Pappelholz, aus Metall oder der Kombination aus beidem hergestellt. Die Zusammenstellung der Materialien basiert auf der Charakteristik des jeweiligen Modells, um die längste Lebensdauer und den speziell optimalsten Komfort gewährleisten zu können.
- Die Begurtung ist notwendig, um über die Zeit die Stabilität und Lebensdauer des Sitzkomforts gewährleisten zu können. Bezüglich auf das einzelne Modell werden elastische, 5-10 cm breite Striemen parallel oder gekreuzt angebracht, gegebenenfalls unterstuetzt durch Stuecke festen Polyurethanschaumes.
- Die Polsterung der Struktur besteht aus mehrschichtigem Polyurethanschaum, welche von 100% antiallergischen Fasern umhüllt werden, bereichert durch Thermobindung. Dies garantiert eine optimale Fertigung und ist die Basis des fertig bezogenen Produktes im ästhetischen wie im praktischen Sinne.
- Der Mechanismus lässt sich in ein Bett umwandeln und ist an der Korpusstruktur angebracht. Die Mechanismen sind normalerweise aus Metall und beinhalten die Matratze. Jedes Modell mit Bettbau hat sein System der Öffnung, welches eine einfache Umwandlung in ein Bett gewährleistet.

FÜßE

Die Füße sind zwar ein tragender Teil der Struktur, aber auch vom ästhetischen Gesichtspunkt her wichtig. Deshalb ist bei den meisten Modellen über den modellbezogenen Standardfuß hinaus auch die Möglichkeit gegeben, verschiedene andere Fussarten zu wählen. Unvermeidlich jedoch sind eventuelle leichte Differenzen z.B. im Beizton bei jeder Bestellung.

KISSEN

Das Kissen legt den Komfort des einzelnen Modells fest. Je nach Modelltyp und dessen Charakteristik wählt unsere Produktion Material und Konsistenz für jenes aus. Es besteht für den Endkunden bei einigen Modellen die Möglichkeit, diese Standards zu ändern (z.B. gegen Aufpreis die Version "HÄRTER" zu wählen).

- "POLIDAC": Das Kissen in "POLIDAC" besteht aus einer Füllung aus mehrschichtigem Polyurethanschaum aus verschiedenen sagomatischen Dichte- und Härtegraden und wird von einer oder mehreren synthetischen Fasern umhüllt und hiernach von einem Baumwollbezug umschlossen. Unsere Füllungen werden ausschliesslich ohne die Verwendung von CFC hergestellt, um die Umwelt zu schonen. Die Dacronumhüllung besteht aus synthetischen Watteflocken, welche mit verschleierten Stofffasern umschlossen wird. "POLIDAC" kombiniert Elastizität, Bequemlichkeit und Stabilität in einem und wird demjenigen empfohlen, der einen komfortablen und doch "ordentlichen" Sitzkomfort wünscht.

- **"HÄRTER"**: Das Kissen in der Ausführung "HÄRTER" hat die gleichen strukturellen Eigenschaften wie "POLIDAC", wird jedoch aus Schaum mit höherem Raumgewicht realisiert. Dies gewährleistet eine höhere Tragfähigkeit und eine längere Lebensdauer. "HÄRTER" wird speziell für die Sitzkissen gefertigt und wurde für diejenigen realisiert, die einen festeren Sitzkomfort möchten.
 - **"MOLLA PIUMA"**: Das Kissen in "MOLLAPIUMA" wird aus einer Mischung aus sterilisierten und gereinigten Daunen sowie Polyesterfasern hergestellt, welche, aufgeteilt in verschiedene Kammern, die optimale Kombination aus Weichheit, Stabilität des Sitzkomforts und der anatomischen Form sowie die jeweilige Wiederherstellung der Originalform und des Originalvolumens durch leichtes Ausschütteln gewährleistet. "MOLLAPIUMA" wurde für diejenigen gefertigt, die eine weichere Füllung bevorzugen und wird ausschließlich für die Rückenkissen verwendet.
 - **"PIUMA"**: Das Kissen in "PIUMA" wird durch die Mischung von gereinigten und sterilisierten Daunen realisiert, welche in separate Kammern aufgeteilt sind. Es ist möglich, dass in Kissen grösserer Dimension ein mehrschichtiger Polyurethanhäutchen eingearbeitet wird, um die Elastizität und Formstabilität gewährleisten zu können. "PIUMA" wird den Kunden empfohlen, welche die einzelnen Charakteristiken dieses Materials genau kennen und wurde für Freunde eines ausserordentlich weichen und angenehmen Sitzkomforts hergestellt, welche auch im ästhetischen Aspekt ein weniger formstiefes als mehr ein flexibles Kissen bevorzugen. "PIUMA" kann im Rücken- wie auch im Sitzkissen verwendet werden.
 - **"POLIPIUMA"**: Das Kissen in "POLIPIUMA" besteht aus einer Füllung aus mehrschichtigem Polyurethanschaum aus verschiedenen santomatischen Dichte- und Härtegraden und wird durch eine Auflageschicht aus einer Mischung von gereinigten und sterilisierten Daunen komplettiert, welche in separate Kammern aufgeteilt sind. Das Gesamtpaket wird hiernach von einem Baumwollbezug umschlossen. "POLIPIUMA" vereint die elastische Tragfähigkeit von "POLIDAC" mit dem weichen und weniger formstiefen Komfort von "PIUMA", was bewusst & gewollt den natürlichen "Knautscheffekt" fabriziert.
 - **"POLIPIUMA SLIM"**: Das "POLIPIUMA SLIM"-Kissen hat die selben strukturellen Eigenschaften wie das "POLIPIUMA"-Kissen, doch da es weniger hoch ist, wirkt es noch weicher und angenehmer im Sitzkomfort. Diese Charakteristik lässt die Kissenoberfläche knautschiger wirken, um bewusst einen charmant-verlebten Touch zu erzeugen.
- Es ist wichtig zu beachten, dass die Kissen verschiedener Modelle (um die jeweiligen Charakteristiken zu unterstreichen) unterschiedliche Härtegrade und somit Festigkeiten haben können. Aber auch Kissen des gleichen Modells mit den exakt gleichen Raumgewichten können bei verschiedenen Dimensionen (z.B. Sitzkissen eines Elementes und das grosse Kissen einer Recamiera) trotz des identischen Härtegrades unterschiedlich hart wirken! Bei Kissenfüllungen, welche wie bezeichnet Daunen enthalten, ist es eine absolut normale und natürliche Charakteristik, dass sich einige Daunen ihren Weg durch Unterstoff und auch den Bezug nach draussen "bahnen". Um das Durchstechen durch den Bezug zu reduzieren, sollte man regelmäßige Pflege leisten, indem man den Bezug abnimmt, das Kissen aufklopft und die zwischen Unterbezug und Bezug befindlichen Daunen absammelt, hiernach den Bezug wieder auf das Inlett aufzieht. Sollte diese natürliche und nicht beanstandbare Begleiterscheinung unangenehm und die damit verbundene regelmäßige Pflege zu aufwendig sein, bitten wir Sie, Versionen bzw. Inletts ohne Daunenfüllung zu bestellen.
- **"POLIACTIVE"**: ist ein brandneues Polyurethan-Material, das auch bei hoher Dichte angenehme Elastizität bietet und gleichzeitig eine perfekte Atmungsaktivität gewährleistet.

TECHNISCHE CHARAKTERISTIKEN DER BEZÜGE IN STOFF

ZUSAMMENSTELLUNG

Alle Produkte der Kollektion "Ventura" sind komplett abziehbar, was eventuelle Reinigung oder Pflege der Bezüge vereinfacht. Die Einfachheit des Abziehens des Bezuges hängt von der jeweiligen ästhetischen Form des Modells ab, da verschiedene Techniken bei der Realisation und Herstellung angewandt werden. Die Bezüge werden durch verschiedene Komponenten realisiert: Stoff (siehe Kapitel "Stoffe"), Nähte, Reissverschlüsse, Knöpfe, Blei, Klettband, Oesen. All diese Bestandteile haben eine doppelte Bedeutung in der Fertigung des Produktes: die ästhetische und die funktionale. Unser technisches Büro hat all diese Komponenten genauestens getestet, wobei die Materialien ausgewählt werden, welche die Notwendigkeit erfüllen. Die verwendete Zusammenstellung der Materialien zur Herstellung eines Bezuges richtet sich logischerweise auch nach den Charakteristiken bezüglich der Reinigungsmöglichkeiten des jeweiligen zu verarbeitenden Stoffes. Ein identisches Sofamodell kann sein Erscheinungsbild durch die Verwendung eines anderen Stoffes deutlich verändern. Wir bitten darum, den Endkunden auf diesen Fakt bei Präsentation eines Modells beispielsweise anhand unserer Fotografien aufmerksam zu machen. Des Weiteren sind nicht alle Stoffe ästhetisch oder technisch für einen jeden Sofatyp geeignet – unser technisches Büro steht Ihnen bei Fragen oder Zweifeln jederzeit mit Rat & Vorschlägen zur Verfügung.

TECHNISCHE CHARAKTERISTIKEN DER STOFFE

CHARAKTERISTIKEN

Alle Stoffe unserer Kollektion sind wie folgt zu identifizieren:

- **ARTIKEL (ARTICOLO)**: ist der spezielle Code des jeweiligen Stoffes.
- **KATEGORIE (CATEGORIA)**: ist der Code, welcher die Kategorie und damit den davon abhängigen Preis des Stoffes / Bezuges definiert.
- **BREITE (ALTEZZA)**: ist die minimale Breite des Stoffes auf dem Ballen / der Rolle.
- **ZUSAMMENSETZUNG (COMPOSIZIONE)**: beschreibt die prozentuale Zusammensetzung des Stoffes aus den verschiedenen Stofffasern / Bestandteilen.

| SYMBOLE DER ZUSAMMENSETZUNG | | |
|-----------------------------|---------------|-------------------------|
| AC | Acetat | LI Leinen |
| AF | Andere Fasern | MA Modacryl |
| CA | Hanf | MD Modal |
| CO | Baumwolle | ME Metall |
| CU | Cupro | NY Nylon |
| EA | Elastan | PA Polyamid |
| HL | Mischleinen | PC Polyacryl |
| JU | Jute | PL/PES Polyester |
| | | PO Polyolefin |
| | | PP Polypropilen |
| | | PU Polyurethan |
| | | RY Rayon |
| | | SE Seide |
| | | VI Viskose |
| | | WO Wolle |

- **RESISTENZEN**: Die Stoffe wurden Tests unterzogen und haben individuelle Charakteristiken. Siehe auch untenstehende Tabelle:

| CHARAKTERISTIK | TESTTYP | SPANNE |
|---|--------------------|------------------------|
| Resistenz gegen Reibung/Gebrauch | Martindale | Von 10.000 bis 100.000 |
| Lichtresistenz | Xenotest | Von 1 bis 8 |
| Resistenz gegen Pilling | Pilling Martindale | Von 1 bis 5 |

- **REINIGUNG**: beschreibt den Typ der Reinigung, der erlaubt bzw. nicht erlaubt ist.

| TABELLE DER REINIGUNGSSYMBOLS | | | | | |
|-------------------------------|---|--|--|--|---|
| | EASY WASH Waschbar bei einer Temperatur von maximal 30° C. Keinerlei Einlaufen. | | Nicht (mit chlorhaltigen Produkten) bleichen / behandeln. | | Trockenreinigung nicht möglich. |
| | EASY WASH Waschbar bei einer Temperatur von maximal 30° C. Schonwaschgang. Feinspülen. Keinerlei Einlaufen. | | Bügeln bei niedriger Temperatur unter Verwendung eines feuchten Tuches zwischen Stoff und Buegeleisen möglich. | | Nicht schleudern. Nicht auswringen. |
| | Waschen bei einer maximalen Temperatur von 30°C möglich. Sanftes Spülen. Mögliches Einlaufen 1-2%. | | Linksseitiges Bügeln bei niedriger Temperatur unter Verwendung eines feuchten Tuches zwischen Stoff und Buegeleisen möglich. | | Schleudern möglich. |
| | Waschbar bei einer Temperatur von maximal 30° C. Schonwaschgang. Feinspülen. Mögliches Einlaufen von 1-2%. | | Nicht bügeln. | | Feintrocknen bei einer maximalen Temperatur von 60°C möglich. |
| | Zuegige Kurzzeithandwaesche bei maximal 30° C. Ausdruecken und spuelen nur in sehr vorsichtiger Form, nicht auswringen! Mögliches Einlaufen von 1-2%. | | Trockenreinigung mit Perchlorethyl, Monofluorchlorethan und Hydrocarbonaten möglich, jedoch unter strenger Einschränkung der Wasserzufuhr und einiger Beschraenkungen bezüglich der mechanischen Behandlung und/oder der Temperatur des Trocknens. | | Das Textilprodukt vertraegt keine Behandlung im Trockner. |
| | Stoff nicht waschbar in Wasser. | | Trockenreinigung mit Perchlorethyl, Monofluorchlorethan und Hydrocarbonat mit den normalen Prozeduren möglich. (Nicht anzuwenden sind Fleckentferner und Trichlorethyl !) | | Trocknen / aufhaengen in vertikaler Position nach Behandlung mit Wasser, nichtauswringen oder schleudern. |
| | Bleichen möglich. Das Textilprodukt kann mit Chlor und Chlorderivaten behandelt werden. | | Trockenreinigung mit Hydrocarbonaten und Trifluorchlorethan möglich, jedoch unter strenger Einschränkung der Wasserzufuhr und einiger Beschraenkungen bezüglich der mechanischen Behandlung und/oder der Temperatur des Trocknens. | | |

TECHNISCHE CHARAKTERISTIKEN DER STOFFE

FARBTÖNE UND VERARBEITUNG DER STOFFE

Die Farben der Stoffe der Kollektion sind aus technischen Gründen nie 100%-ig identisch nachzufertigen. Dies gilt besonders für Stoffe, die im besonderen Maß gefertigt bzw. vorbehandelt wurden, wie z.B. Vorwäsche, oder aber stone wash, was eine optische Art der "Benutzung" provozieren soll wie beispielsweise bei einer Jeans. Aus diesem Grund kann die Firma keinerlei Verantwortung für leichte Farbunterschiede wie z.B. zwischen Stoffbügelmuster und gefertigtem Bezug oder besonders auch bei einer späteren Folgebestellung des gleichen Stoffes übernehmen.

PFLEGE DER STOFFE UND HINWEISE

PFLEGE

Eine Seite des "PRODUKTZERTIFIKATES" enthält die notwendigen Informationen für die Reinigung und Pflege des gewählten Stoffes. Diese Anweisungen müssen unbedingt befolgt und eingehalten werden.

WICHTIGE HINWEISE & TIPPS

- **TROCKENREINIGUNG.** Ein Stoff, für den eine chemische Reinigung angezeigt ist, sollte zu spezialisierten Wäschereien gebracht werden, die die effektive Anwendung dieser Technik bei Temperaturen gewährleisten, die dem Stofftyp entsprechen.
- **WASCHEN IN WASSER.** Im Falle, dass der Stoff (Bezug) als in Wasser waschbar beschrieben ist, ist unbedingt die angegebene Waschtemperatur einzuhalten. Selbst eine geringe Abweichung der Waschtemperatur (z.B. statt 30° 40° C) kann zu gravierendem Einlaufen führen. (Beispiel: Der Stoffumfang eines 3-Sitzers misst ca. 6 Meter; ein Einlaufen von 3% entspricht eine Verminderung von ca. 18 cm bezüglich des Originalmasses.) Bei Wäsche in der Waschmaschine sollte das Klettband immer geschützt oder mit (seinem Gegenstück) abgedeckt werden, sodass während des Waschvorgangs keine irreparablen Schäden auf dem Bezug entstehen können. Separat von dunklen Farben waschen.
- **TROCKNEN.** NICHT schleudern, da der Stoff während des Schleudervorgangs hohem Druck in der Trommel ausgesetzt wird, welcher extreme Spuren hinterlassen kann. Dies betrifft besonders farbige Stoffe.
- **BUEGELN UND WIEDERAUFZIEHEN DES BEZUGES.** Wo das Bügeln als erlaubt beschrieben ist, darf die Temperatur des Bügeleisens nicht die beim Waschgang verwendete Wassertemperatur überschreiten. Grundsätzlich sollte der Bezug linksseitig bzw. mit einem zwischengelegten Tuch gebügelt werden. Wegen eines möglichen minimalen Einlaufens des Stoffes sollte der Bezug nach dem Waschen noch leicht feucht wieder auf die Struktur aufgezogen werden. Somit würde das Bügeln direkt auf dem schon wieder aufgezogenen Bezug - immer mit einem zwischengelegten Tuch - erfolgen.
- **SPEZIELLE HINWEISE.** Bezüge aus Natur- und Kunstledern -besonders hellere Farbtöne- können irreparabel von Jeans und anderen Kleidungsstücken verfärbt werden, die deren Einfärbung bei Reib oder Kontakt absondern. Bezüge aus besonders widerstandsfähigen Stoffen (hoher Martindalewert) können ggf. von extrem weichen Materialien wie z.B. einem Hausanzug Fasern abgreifen, sodass es wie Peeling wirkt, obwohl es aber Fremdfasern sind. Diese nicht aus einem Materialmangel unsererseits entstehenden Problematiken unterliegen deshalb natürlich auch nicht der Garantie.
- **EASY WASH.** Stoff (serien) aus 100% Synthetik laufen bei der Wäsche in 30° C - warmem Wasser garantiert nicht ein.
- **VORWÄSCHE.** Die auf spezielle Anfrage durchführbare Vorwäsche -wo möglich- bedeutet für den Stoff einen kompletten Waschzyklus in 30°C-warmem Wasser noch vor dessen Zuschnitt und Weiterverarbeitung. So wird ein provoziertes Einlaufen des Stoffes erreicht, welches gute Garantien diesbezüglich bei nachfolgenden Wäschen ermöglicht, aber leichte Farbabweichungen, Schutzschichtverminderungen und Strukturveränderungen nach sich ziehen kann.

BEI STOFFEN MIT NATURFASERN KANN AUCH NACH DIESER BEHANDLUNG EIN EINLAUFEN VON 1-2% BEI FOLGEWÄSCHEN AUFTRETEN.

ACHTUNG: VOM KUNDEN DELIVERTE FREMDSTOFFE KÖNNEN NICHT VORGEWASCHEN WERDEN.

TECHNISCHE CHARAKTERISTIKEN VON LEDER

Alle Leder in unseren Kollektionen sind gekennzeichnet durch:

- **ARTIKEL:** er ist der Code, der das Leder identifiziert.
- **KATEGORIE:** Dies ist der Code, der die Kategorie entsprechend dem Preis des Leders definiert.
- **CHARAKTERISTIKEN:** Hier werden die wichtigsten Informationen über das Leder zusammengefasst wie z. B. seine Herkunft, die Prozesse, die es durchlaufen hat sowie sein Typus.
- **DICKE:** Dies ist die durchschnittliche Dicke des fertigen Leders.

CHARAKTERISTIKEN DER BEZÜGE IN LEDER

Ventura hat sich von Anfang an dafür entschieden, die komplette Abziehbarkeit seiner Produkte immer und in jedem Fall zu garantieren. Als Slogans wie "Recycling" und "Abfallvermeidung" noch nicht in Mode waren, schien es uns der richtige Weg zu sein, die Lebensdauer unserer Produkte maximal zu verlängern und dabei Abfall und Umweltverschmutzung zu reduzieren. Während die Welt bisher den Weg der geplanten Obsoleszenz gegangen ist, befindet sich Ventura noch immer auf dem Weg der konstruierten "Haltbarkeit". Wenn Sie sich für ein Ventura-Lederprodukt entscheiden, können Sie sicher sein, dass dieses Produkt vollständig abziehbar ist, mit Ausnahme von Sonderwünschen, die in der Bestellung angegeben, genehmigt und ggf. quantifiziert werden müssen. Ein Ledersofa mit abnehmbarem Bezug behält alle positiven Aspekte des Materials bei, ermöglicht aber auch, dass der Bezug im Laufe der Zeit ausgetauscht werden kann, ohne das gesamte Produkt ersetzen zu müssen. Es gibt ästhetische Unterschiede zwischen einem abziehbaren Ledersofa und einem traditionellen Sofa, die Sie bitte im Voraus bewerten und Ihrem Kunden gegenüber betonen. Das Leder, das die Strukturen bekleidet, ist weniger dehnbar und weniger straff als ein genageltes Leder. Auf unserer Website finden Sie verschiedene Fotos, die diese Charakteristiken hervorheben, sodass Sie diese dem Kunden für eine fundierte Entscheidung präsentieren können. Sollte Ihr Kunde eine traditionelle, genagelte Herstellung bevorzugen, kontaktieren Sie uns bitte von Fall zu Fall zwecks der Machbarkeit und einem entsprechenden Angebot (je nach Modell können Aufpreise aufgrund von Änderungen an den Strukturen und erhöhtem Lederverbrauch anfallen).

ACHTUNG! Aufgrund des unterschiedlichen Materials kann es bei Bezügen in Leder im Gegensatz zu jenen aus Stoff zusätzliche oder etwas andere Nähte geben. Natürlich bemühen wir uns, diese Unterschiede so minimal wie möglich zu halten und nur in Fällen anzuwenden, in denen es keine bessere Alternative gibt.

WARTUNGS- UND LEDERPFLEGEHINWEISE (BEACHTEN SIE DIESE INFORMATIONEN GENAU)

Leder ist ein Material, das der Mensch seit Anbeginn der Zeit verwendet und bearbeitet. Es handelt sich um ein 100 % natürliches Material, eine Natürlichkeit, die durch moderne Verarbeitungstechniken stark verändert werden kann - in den meisten Fällen, um die dem Material innewohnenden Fehler zu verringern und es widerstandsfähiger gegen Abnutzung und Schmutz zu machen. Bei Ventura sind wir der Meinung, dass diese Techniken zulässig sind, solange sie das Material nicht verändern. Aus diesem Grund haben wir Leder ausgewählt, deren Vorbehandlungen auf ein Minimum reduziert sind, denn wir ziehen es vor, delikateres und gezeichneteres Leder anzubieten, die jedoch den Charme und die Charakteristiken des "echten Leders" von früher beibehalten. Die Ventura-Leder haben immer unverwechselbare charakteristische Merkmale, die die Natürlichkeit und das Handwerkliche der Verarbeitung bestätigen können: so sind Narben, Insektenstiche, Dehnungsstreifen, Maserungs- und Farbunterschiede Zeitzeugen und -zeichen des Leben des Tieres. Diese können durch manuelles Schneiden minimiert, aber nicht vollständig beseitigt werden. Die ausgewählten Leder werden so behandelt, dass die Atmungsaktivität des Leders und die angenehme Weichheit bei der Berührung erhalten bleiben. Alle natürlichen Charakteristiken unseres Leders werden durch die Verarbeitung verstärkt und nicht verringert. Mit den nachstehenden Pflegehinweisen werden Sie der glückliche Besitzer eines verfeinerten, eleganten und langlebigen Produkts sein, das im Laufe der Zeit an Wert gewinnt, anstatt ihn zu verlieren, da es das "Beleben" des Benutzers konserviert.

EMPFEHLUNGEN

- Platzieren Sie das Sofa mindestens 50 cm von Wärmequellen wie Heizungen oder Heizkörpern entfernt.
- Um die Farbe des Bezugs zu erhalten, sollten Sie das Sofa nicht der direkten Sonne oder starken Lampen aussetzen.
- Die oben genannten Ursachen sowie die Verwendung aggressiver Reinigungsmittel können die Lederbezüge irreparabel schädigen, Risse und Farbveränderungen verursachen.
- Die Farben der im Muster gezeigten Leder sind als indikativ zu betrachten, da es technisch nicht möglich ist, bei der Weiterverarbeitung den gleichen Farbton zu erzielen. Insbesondere bei Ledern die einer speziellen Verarbeitung unterzogen wurden, können einige Unterschiede auftreten, können gewollt dazu neigen, sich abzunutzen oder die Einheitlichkeit der Farbe zu beeinträchtigen. Aus diesen Gründen lehnt die Firma jedwede Verantwortung für spätere Nachlieferungen im gleichen (Farb-)Ton und für leichte Abweichungen zwischen Muster und Produkt ab.
- Dunkle Kleidung, insbesondere Jeans und Kleidung aus Naturfasern, setzt durch Reibung auf hellerem Leder Farbpartikel frei, die irreparable Flecken verursachen können. Es wird daher dringend empfohlen, in dem Fall ein helles Tuch zwischen Sofa und das dunkle Kleidungsstück zu legen.

WARTUNG

- Regelmäßig mit einem weichen, sauberen und hellen Tuch (vorzugsweise weiß) abstauben.
- Bei gewöhnlichen Verschmutzungen: mit einer sauberen, weichen Bürste, die nur für diesen Zweck verwendet wird -vorzugsweise in einer hellen Farbe- vorsichtig bürsten. Es ist möglich, einen normalen Staubsauger zu verwenden, wobei darauf zu achten ist, dass das mitgelieferte Zubehör nicht scheuernd ist, das auf dem Bezug angewandt wird.
- Bei Flecken, die durch nicht fettende Flüssigkeiten (Wein, Softdrinks, Kaffee, Tee) verursacht wurden: Tupfen Sie die Flüssigkeit mit einem weißen Tuch oder einem Küchentuch ab, um sie so schnell wie möglich vom Lederbezug zu entfernen. Verwenden Sie ein sauberes, nur mit Wasser angefeuchtetes Tuch und reinigen Sie den Fleck vorsichtig mit Bewegungen, die immer von der Außenseite des Flecks zur Mitte hin beginnen. Anschließend mit einem anderen sauberen, trockenen Tuch abtrocknen.
- Bei Flecken, die durch fett- oder zuckerhaltige Substanzen (Öl, Marmelade, Soßen, Sahne usw.) verursacht wurden, entfernen Sie die Substanz sofort von der Oberfläche mit Hilfe von Küchenpapier, ohne auf die Oberfläche zu drücken, damit die Substanz nicht weiter in die Poren eindringt. Dann reiben Sie mit einem sauberen Tuch, das mit einer Lösung aus farbloser Neutralseife und Wasser befeuchtet ist, vorsichtig von außen nach innen über den Fleck. Sofort mit einem sauberen Tuch abtrocknen.
- Setzen Sie das Leder niemals direktem Sonnenlicht aus und verwenden Sie keinen Fön, um das Trocknen zu beschleunigen.
- Auf dem Markt gibt es spezielle Lederpflege- und Reinigungsprodukte. Obwohl sie im Allgemeinen unbedenklich sind, empfehlen wir Ihnen, einen Abnutzungstest in einem nicht sichtbaren Teil des Bezugs durchzuführen.

ALLGEMEINE BEDINGUNGEN FÜR ASSISTENZ UND BEANSTANDUNGEN

Jeder Typus von Beanstandung bzw. Assistenz (auch nach Ablauf der Garantiefrist) muss immer ausschließlich in schriftlicher Form mit beiliegender Kopie des "PRODUKTZERTIFIKATS" an unsere Firma übermittelt werden. Klärende Telefonate sind erst nach der schriftlichen Übermittlung der Anfrage möglich. Die Abholung und der Austausch bzw. Reparatur des Produktes innerhalb der Garantiefrist werden ausschließlich ab / nach Lieferadresse des Händlers ausgeführt. Absolut ausgeschlossen sind Abholungen / Wiederanlieferungen direkt vom / an den Endkunden. Der Händler hat das Produkt transportgerecht zu verpacken; eventuelle auf nicht ausreichende Verpackung zurückzuführende Schäden fallen zu dessen Lasten. Eventuelle notwendige Besuche zur Analyse eines Problems sollten generell vom Agenten des Gebietes ausgeführt werden, welcher vorab vom Händler informiert werden muss. Im Falle eines eventuellen Hausbesuches direkt beim Endkunden muss der Agent grundsätzlich von einem Referenten des Händlers begleitet werden.

GEWAHRLEISTUNGSKONDITIONEN DER STRUKTUR

1 JAHR GEWERBLICHE GEWÄHRLEISTUNG

Alle Bestandteile der Struktur unterliegen einer Garantie von einem Jahr. Sollten einzelne Komponenten innerhalb der Garantiefrist Fabrikationsdefekte aufweisen, kann der Garantiegeber nach eigener Wahl den Mangel beseitigen oder neue Komponenten bereitstellen. Bei Nachbesserung kann das mangelhafte Teil entweder instand gesetzt oder ausgetauscht werden. Ein Austausch des kompletten Produktes ist ausgeschlossen. Garantieverpflichtungen bestehen u.a. dann nicht, wenn:

- das Produkt warentypische, natürliche und/oder normale Verschleißerscheinungen zeigt.
- das betreffende Produktzertifikat nicht vorgelegt wird.
- das Produkt eine Sonderanfertigung auf Kundenwunsch war.
- das Produkt extremen Umwelteinflüssen, mutwilliger Zerstörung, Verschmutzung, z.B. durch Haustiere, Körperschweiß, Körperpflegemittel, ausgesetzt war.
- das Produkt unsachgemäß behandelt oder überbeansprucht wurde.
- das Produkt gewerblich genutzt wurde.
- das Produkt zuvor vom Garantienehmer oder einem Dritten verändert oder unsachgemäß instand gesetzt wurde.
- der Garantienehmer die Vorschriften über die Behandlung und Pflege des Produktes nach Vorgabe des Produktzertifikats nicht befolgt hat.

Warenbedingte Farb- und Strukturunterschiede sind beim Austausch nicht vermeidbar. Schadensersatzansprüche sind in diesem Falle ausgeschlossen. Insbesondere beinhaltet die Garantie weder Ersatzansprüche noch Schadensersatzansprüche jeglicher Natur, direkt und indirekt, gegenüber Personen, Dritten oder Sachen.

ASSISTENZ AUSSERHALB DER GARANTIEFRISTEN

Wann immer der Haendler ausserhalb der Gewährleistungsfrist beim Hersteller um Assistenz bzw. Hilfestellung bei Problembeseitigung ersucht, bemueht sich dieser, dem unter Berechnung der anfallenden Kosten nachzukommen. Jegliche Intervention erfolgt erst nach Erstellen eines Kostenvorschlags, welcher vom autorisierten Mitarbeiter des Haendlers unterzeichnet zurueckgesandt werden muss.

GEWAHRLEISTUNGSKONDITIONEN DER BEZÜGE

1 JAHR GEWERBLICHE GEWÄHRLEISTUNG

Alle Bestandteile des Bezuges ausser des Stoffes (siehe eigenes Kapitel) unterliegen einer Garantie von einem Jahr. Sollten einzelne Komponenten innerhalb der Garantiefrist Fabrikationsdefekte aufweisen, kann der Garantiegeber nach eigener Wahl den Mangel beseitigen oder neue Komponenten bereitstellen. Bei Nachbesserung kann das mangelhafte Teil entweder instand gesetzt oder ausgetauscht werden. Ein Austausch des kompletten Produktes ist ausgeschlossen. Garantieverpflichtungen bestehen u.a. dann nicht, wenn:

- das Produkt warentypische, natürliche und/oder normale Verschleißerscheinungen zeigt.
- das betreffende Produktzertifikat nicht vorgelegt wird.
- das Produkt eine Sonderanfertigung auf Kundenwunsch war.
- das Produkt extremen Umwelteinflüssen, mutwilliger Zerstörung, Verschmutzung, z.B. durch Haustiere, Körperschweiß, Körperpflegemittel, ausgesetzt war.
- das Produkt unsachgemäß behandelt oder überbeansprucht wurde.
- das Produkt gewerblich genutzt wurde.
- das Produkt zuvor vom Garantienehmer oder einem Dritten verändert oder unsachgemäß instand gesetzt wurde.
- der Garantienehmer die Vorschriften über die Behandlung und Pflege des Produktes nach Vorgabe des Produktzertifikats nicht befolgt hat.

Warenbedingte Farb- und Strukturunterschiede sind beim Austausch nicht vermeidbar. Schadensersatzansprüche sind in diesem Falle ausgeschlossen. Insbesondere beinhaltet die Garantie weder Ersatzansprüche noch Schadensersatzansprüche jeglicher Natur, direkt und indirekt, gegenüber Personen, Dritten oder Sachen.

ASSISTENZ AUSSERHALB DER GARANTIEFRISTEN

Wann immer der Haendler ausserhalb der Gewährleistungsfrist beim Hersteller um Assistenz bzw. Hilfestellung bei Problembeseitigung ersucht, bemueht sich dieser, dem unter Berechnung der anfallenden Kosten nachzukommen. Jegliche Intervention erfolgt erst nach Erstellen eines Kostenvorschlags, welcher vom autorisierten Mitarbeiter des Haendlers unterzeichnet zurueckgesandt werden muss.

ESTIMMUNGEN FÜR ASSISTENZ FÜR STOFFE UND LEDER

ÄSTHETISCHE MÄNGEL

Ästhetische Probleme oder sichtbare Konstruktionsmängel an Stoffen müssen innerhalb von 30 Tagen nach Lieferung gemeldet werden. Nach diesem Zeitraum werden nur noch Probleme mit Widerstandsparametern berücksichtigt. Bezüglich Leder sind die Spuren & Zeichen des Lebens des Tieres zwar durch die Gerbung, die Selektion und den Zuschnitt von Hand gemildert, aber nicht völlig zu vermeiden und sind daher als innere Charakteristiken des Materials und seiner Natürlichkeit und nicht als Mängel zu betrachten.

WIDERSTANDSPARAMETER VON STOFFEN

Die Stoffgarantie bezieht sich ausschließlich auf die Herstellungscharakteristiken.

- Abnutzungsresistenz
- Lichtresistenz
- Pilling-Resistenz

Wenn im Streitfall Resistenzprüfungen z.B. in einem Labor durchgeführt werden und die ermittelten Werte niedriger als die angegebenen sind, garantiert die Firma den kostenlosen Ersatz der betroffenen Bezüge. Der Ersatz des gesamten Produkts ist jedoch ausgeschlossen. Die Kosten für die Nachprüfungen gehen zu Lasten der unterlegenen Partei.

WASCHEN VON STOFFEN (Leder kann nicht gewaschen werden)

Bei Beanstandungen von anormalen Reaktionen des Stoffes auf die zulässigen Waschgänge wird ein Test durchgeführt, indem ein vom Hersteller geliefertes Muster desselben Artikels behandelt wird. Wenn bei der Prüfung eine Anomalie festgestellt wird, garantiert die Firma den kostenlosen Ersatz der betroffenen Bezüge. Der Ersatz des gesamten Produkts ist jedoch ausgeschlossen.

Die Garantie erstreckt sich nicht auf Schäden, die auf normaler Abnutzung, unsachgemäßem Gebrauch, Fahrlässigkeit oder anderen Ursachen beruhen, die nicht auf Herstellungsfehler zurückzuführen sind.

GENERAL CONDITIONS

DATE OF EFFECT OF PRICE LIST

This price list cancels and replaces all previous versions with effect from 01-10-2023

PRICES

The prices specified in this price list are expressed in euros and are EXCLUDING VAT.

DIMENSIONS

The product measurements specified in this price list are expressed in centimetres and are to be considered purely as an indication as they are upholstered and shaped elements. Small differences in sizes may be evident as the upholstery and fabrics have different densities and this can affect the dimensions. In any case, the measurements shown here may be subject to variation during the period of validity of this price list and are therefore not considered binding. If necessary, the need to comply with a specific measurement must be indicated on the order.

FABRIC COLOURS AND FINISHES

The fabric colours of samples are purely an indication, as it is technically impossible to obtain the exact same shade in subsequent production processes. Differences may be particularly noticeable in prewashed fabrics or those subjected to special treatments that can intentionally create a worn or creased effect or affect the uniformity of the colour. For the reasons given above, the company declines all liability with regard to requests for matching fabrics made at a later time and slight differences between the sample and the product supplied.

PRODUCT DEVELOPMENTS AND IMAGES

The company may make any changes or improvements in the materials and features of the products without the need for prior notice, even during the period of validity of this price list. We undertake to notify retailers of such changes in a timely manner by means of a circular letter. The photographs displayed in this price list are indicative, they do not represent the standard of the model concerned and may show accessories and/or components not included in the price of the product.

PACKAGING AND TRANSPORT

Every product is packed in such a way as to ensure it remains intact during transport. The retailer is responsible for checking that the packaging and its contents are undamaged at the time of receipt of the goods, reporting any anomalies to the carrier. Any breakages or damage that may have occurred during transport of the goods must be indicated on the delivery document, in the form of acceptance under reserve. Any hidden damage must be reported in writing within four days of receipt of the goods. The product will be transported carriage paid to your warehouse for net amounts in excess of €600. For net amounts less than €600, the transport costs will be at the expense of the recipient. If the location of your warehouse is in a particularly critical area or difficult to reach, the company reserves the right to charge a transport fee. This contribution can be a supplement to the list price or a reduction of the discount. For deliveries to addresses other than your warehouse, please ask for feasibility and special quotation. Direct delivery to private individuals is not possible.

PAYMENTS

Payments must be made in accordance with the agreed manner and time schedules. In the event of a delay in payment, interest will be charged at the official discount rate plus 3 percentage points, automatically and without the need to give formal notice.

COURT OF JURISDICTION

Any dispute that may occur will be settled by the court of Monza, where the company has elected legal domicile. All relations between the parties shall be governed by Italian law.

ORDER

Orders shall only be accepted in writing. E-mail: sales@ventura.it

In the event of any doubts or inconsistencies related to the products specified in the order, our technical department will contact you before sending the order confirmation.

ORDER CONFIRMATION

An order confirmation will be issued for every order received. The order confirmation describes the product that will be made: the retailer is responsible for checking the description and reporting any inaccuracies within two working days. When two working days have passed, the order confirmation will be deemed accepted and that described therein shall be produced.

ORDER AMENDMENTS

No changes can be accepted to written orders that have already been transmitted when two working days or more have passed since the order confirmation was sent. Exceptions to this condition may only be made, at the discretion of our production managers, if work has not yet started on the product in question.

CUSTOMISED FINISHES

Customised finishes must be agreed in advance with our technical department. Customised finishes can radically change the appearance and/or structure of a product, which cannot be subjected to the tests that we usually perform before including a product in our standard production range, and is therefore configured on the basis of a prototype. For this reason products supplied with customised finishes do not have an after-sales warranty. Spare covers for made-to-measure elements can only be produced when we are in receipt of the original cover. The production of such covers will involve an extra cost, in addition to the prices specified in this price list, which will be quoted before production is started.

DELIVERY

Any slight delay in the usual terms of delivery will not affect the validity of the order. We undertake to inform the retailer of any significant delays that may be foreseen due to a shortage of raw materials within four working days of receipt of the order.

SPECIAL CONDITIONS

UPHOLSTERY

Products manufactured with piping in a different fabric to that used for the cover will be subject to a 5% surcharge on the list price. Said increase is applied to cover additional manufacturing costs and the higher amount of fabric required. Products manufactured with a two-tone cover will be subject to a 5% surcharge on the list price. Said increase is applied to cover additional manufacturing costs and the higher amount of fabric required.

CUSTOMER FABRICS

Fabrics supplied by the customer must have a minimum width of 140 cm and be of the required length. The front, back, direction and/or any special machining required must be clearly indicated. WARNING: we do not prewash fabrics supplied by customers. The amount of fabric required will increase if the fabric supplied by the customer is anything other than a single solid colour. Please contact our technical department to calculate the amount of fabric needed.

SPARE COVERS

Orders for spare covers must always be accompanied by a copy of the "PRODUCT CERTIFICATE".

ACCESSORIES

Orders for items required to complete products already delivered must be accompanied by a copy of the "PRODUCT CERTIFICATE". Accessories that are necessarily produced at different times may not be identical in appearance. Especially with regard to fabric colours and padding volumes.

LEATHER - ARTIFICIAL LEATHER ("ECO-LEATHER", "ECOPELLE")

Not all products can be made with these materials due to problems of transpiration and aesthetics. All articles for which the price is indicated in the "LEATHER" column in the price list can be made in either leather or artificial leather. On the other hand, articles for which the "LEATHER" column is not filled in CANNOT be made in either leather or artificial leather.

TECHNICAL FEATURES OF THE STRUCTURE

BODY

The BODY is the load-bearing part of the product. Its technical features and appearance are the result of experience and research related to the frame, webbing and filling.

- **THE FRAME** is the framework of the sofa. It is manufactured in accordance with the features of the model to ensure its duration over time. It may be made from solid wood (fir, beech or poplar), metal or a combination of metal and wood.

- **THE WEBBING** is needed to ensure the comfort and stability of the seats. Depending on the model, elastic or rigid webbing may be used, 5/10 cm wide, parallel, cross-laid or interspersed with springs and buffers in high-density polyurethane.

- **THE FILLING** inserted in the frame consists of graduated polyurethane foam covered with 100% antiallergenic heat-bonded velveteen. This guarantees a good aesthetic finish and a practical solution for dressing the product.

- **THE MECHANISM** is the part that transforms into a bed and is normally secured to or resting on the body. The mechanisms are usually made from steel and contain the mattress. Each model has its own opening system making it easy to transform into a bed.

FEET

The feet are load-bearing elements but also have an effect on the appearance of the product. It is often possible to choose different finishes (optional) compared to those usually supplied (standard). Slight differences are to be expected in the colour, stain or finish of samples compared to that of finished products, as well as from one supply to another.

CUSHIONS

THE CUSHIONS determine the comfort of the seat. Our designers choose the most suitable type and density of the cushions based on the type of product. For some models, this standard selection can be changed. If so, it will be indicated in the optional features. The cushions are classed into different types.

- **"POLIDAC"**: the "POLIDAC" cushion has a graduated polyurethane foam core, shaped to match each model, which is then covered with one or more layers of synthetic fibre and enclosed in a cotton casing. We use polyurethane that is free from Chlorofluorocarbons (CFC), which harm the environment. The synthetic fibre is synthetic staple fibre batting made from carded layers and stitched to a textile fibre. "POLIDAC" combines elasticity, softness and load-bearing capacity, following and supporting the shape of the body and is recommended for those looking for a comfortable and well-defined filling.

- **"HIGH DENSITY"**: "HIGH DENSITY" cushions have the same structural characteristics as those in "POLIDAC" but are made with higher density polyurethanes. This feature gives the cushions greater load-bearing capacity and durability. "HIGH DENSITY" is the type recommended for those who prefer a firmer cushion and is especially suited for seat cushions.

- **"MOLLA PIUMA"**: "MOLLA PIUMA" cushions are made from a mixture of polyester fibre filling and feathers encased in separate compartments to achieve an optimum combination of softness (interpreted as the feeling of comfort), shape (or rather, anatomical adaptability) and resilience (or rather, the ability to restore the original shape and volume by lightly plumping up the cushion). "MOLLA PIUMA" is recommended for those who prefer a softer filling and is only used for back and arm cushions.

- **“PIUMA”**: “PIUMA” cushions are filled with a mixture of graded, sterilised feathers encased in separate compartments. “PIUMA” cushions are recommended for connoisseurs of this material with very special characteristics. These cushions are softer, have a more “lived in” appearance and are less defined in shape. They can be used as seat, back or arm cushions.
- **“POLIPIUMA”**: “POLIPIUMA” cushions have a graduated polyurethane foam core purposely shaped for each model. The polyurethane foam core is covered with a mixture of graded, sterilised feathers encased in separate compartments. “POLIPIUMA” combines the features of “POLIDAC” cushions, in terms of elasticity and load-bearing capacity, with the softness of “PIUMA” cushions, which also have a softer shape.
- **“POLIPIUMA SLIM”**: “POLIPIUMA SLIM” cushions have the same structural characteristics of “POLIPIUMA” cushions but are softer and more comfortable thanks to the reduced thickness. This feature gives the appearance of a slightly crumpled seat, lending a more “lived in” look.
It is perfectly normal for the odd feathers to escape from the casing of cushions that are partially or entirely stuffed with feathers. This issue can be reduced by performing this simple operation on a regular basis: remove the cushions from the covers and plump them up; remove any feathers visible on the covers and the cushions themselves, then replace the covers on the cushions. If this causes any inconvenience and/or you would rather not have the responsibility of a greater level of care, we recommend you consider fillings that do not use feathers.
- **“POLIACTIVE”**: is a brand new polyurethane material that offers comfortable elasticity even at high densities, while ensuring perfect breathability.

TECHNICAL FEATURES OF FABRIC COVERS

MANUFACTURE

All of the products from the Ventura collections have fully removable covers, which makes them easy to clean and care for. The ease with which covers can be removed and replaced depends on the shape of the product, which dictates the use of various manufacturing techniques for production of the covers. The covers are composed of various components: fabric (see separate chapter), overlocks, seams, zips, Velcro, buttons, buttonholes, leads, etc. All of these components have two roles in the finish of the product: an aesthetic role and a functional one. Our Technical Department has tested these components, selecting the materials that meet both of these requirements. The components used to make a cover need to match the cleaning characteristics of the fabric used. The appearance of the same model of sofa can change considerably depending on the fabric that it is covered with. This must be taken into account when proposing a product to a customer based on our photographs. In addition, not all fabrics are suitable in terms of appearance and/or technical characteristics to all of the models in our production range: our Technical Department will be happy to provide advice and recommendations with regard to the choice of fabric.

TECHNICAL FEATURES OF THE FABRICS

FEATURES

All of the fabrics in our collections are identified by:

- **ARTICLE**: the code identifying the fabric.
- **CATEGORY**: the code defining the category based on the price of the fabric.
- **WIDTH**: the minimum fabric width.
- **COMPOSITION**: indicates the percentage of the different textile fibres that make up the fabric.

| COMPOSITION SYMBOLS | | |
|---------------------|--------------|-------------------------|
| AC | Acetate | LI Linen |
| AF | Other fibres | MA Modacrylic |
| CA | Hemp | MD Modal |
| CO | Cotton | ME Metal |
| CU | Cupro | NY Nylon |
| EA | Spandex | PA Polyamide |
| HL | Linen blend | PC Acrylic |
| JU | Jute | PL/PES Polyester |
| | | PO Polyolefinic |
| | | PP Polypropylene |
| | | PU Polyurethane |
| | | RY Rayon |
| | | SE Silk |
| | | VI Viscose |
| | | WO Wool |

- **STRENGTHS**: the fabrics are tested and each of them has a precise strength and resistance.

| CHARACTERISTIC | TEST TYPE | RANGE |
|-----------------------|---------------------|------------------------|
| Resistance to wear | Martindale abrasion | From 10.000 to 100.000 |
| Resistance to light | Xenotest | From 1 to 8 |
| Resistance to pilling | Martindale pilling | From 1 to 5 |

- **WASHING**: indicates the type of washing permitted or not permitted.

| WASHING SYMBOLS | | |
|-----------------|---|--|
| | EASY WASH Maximum washing temperature 30° C. Negligible shrinkage. | |
| | EASY WASH Maximum washing temperature 30° C. Reduced action. Delicate rinse. Negligible shrinkage. | |
| | Washing temperature max. 30° C. Delicate rinse. Possibility of shrinkage 1-2%. | |
| | Maximum washing temperature 30° C. Reduced action. Delicate rinse. Potential for shrinkage 1-2%. | |
| | Hand wash: do not machine wash. Maximum temperature 30° C. Short wash. Squeeze and, if necessary, rub very gently. Rinse very gently. Do not wring. Potential for shrinkage 1-2%. | |
| | Do not treat with water. The textile product will not withstand washing in water. | |
| | Bleaching is possible. The textile product can be treated with chlorine and its derivatives. | |
| | | |
| | | |
| | | |
| | | |
| | | |
| | | |

FABRIC COLOURS AND FINISHES

The fabric colours of samples are purely an indication, as it is technically impossible to obtain the exact same shade in subsequent production processes. Differences may be particularly noticeable in prewashed fabrics or those subjected to special treatments that can intentionally create a worn or creased effect or affect the uniformity of the colour. For the reasons given above, the company declines all liability with regard to requests for matching fabrics made at a later time and slight differences between the sample and the product supplied.

CARE AND ADVICE CONCERNING FABRICS

CARE

A page of the "PRODUCT CERTIFICATE" contains all the information needed for cleaning and care of the fabric chosen. Always comply with the indications specified therein.

IMPORTANT ADVICE

- **DRY CLEANING.** DRY CLEANING. A fabric for which dry cleaning is indicated should be taken to laundries that guarantee the effective use of this technique at temperatures appropriate to the type of fabric.
- **WASHING IN WATER.** Always check whether the fabric can be washed in a machine or must be hand washed. In the event that your fabric can be washed in water, always wash at the recommended temperature. Even a small variation in the temperature of the water (e.g. from 30° to 40°) can result in SEVERE shrinkage (e.g. the perimeter of a 3-seater sofa and therefore its cover measures about 6 metres. Shrinkage of about 3% will result in a reduction in size of 18 cm compared to the original measurements). Never spin dry as the fabric would be pressed and rubbed against the walls of the drum, which would leave unpleasant marks, especially on coloured fabrics. If machine washing, Velcro hook strips must be protected (or closed with the corresponding loop strip or by applying a separate Velcro loop strip). This is to prevent the Velcro from rubbing against the cover during washing and causing permanent damage. Wash separately from dark colours.
- **IRONING AND PUTTING THE COVERS ON.** When permitted, the temperature of the iron must not exceed the maximum washing temperature. The iron must always be applied to the reverse side of the fabric, with a cloth between the iron and the fabric. To reduce shrinkage of the covers it is often better to put the covers on whilst they are still slightly damp and iron the covers afterwards.
- **SPECIAL PRECAUTIONS.** Covers made from natural or imitation leather, above all when they are in light colours, can be irreparably stained from contact with jeans or other items of clothing that can lose their colour. Covers made from fabrics that have high resistance properties (a very high Martindale value), may attract and trap fibres from clothes that are very soft and/or woolly, giving rise to a phenomenon known as inverse pilling, where it is not the fabric of the cover that is subject to pilling, but rather the pilling from clothes that is deposited on the cover. As these kinds of issues are not caused by a defect intrinsic to the quality of our products, they are not covered by the warranty.
- **EASY WASH.** Range of 100% synthetic fabrics that guarantee negligible shrinkage when washed in water at 30°.
- **PREWASHING.** This is a process that can be performed on specific request, but only on some of the products. It entails a complete washing cycle in water at 30° before the fabric is cut and sewn. It shrinks the fabric in advance, thus reducing the chance of shrinkage occurring as a result of future washes. This treatment can affect the colour, finish and surface treatment of the fabric.

FABRICS MADE FROM NATURAL FIBRES MAY BE SUBJECT TO SHRINKAGE OF 1-2% AFTER FUTURE WASHES EVEN AFTER THIS TREATMENT HAS BEEN PERFORMED.

ATTENTION: WE DO NOT PREWASH FABRICS SUPPLIED BY CUSTOMERS.

TECHNICAL CHARACTERISTICS OF LEATHERS

All the leathers in our collections are identified by:

- **ARTICLE:** is the code that identifies the leather.
- **CATEGORY:** this is the code that defines the category according to the price of the leather.
- **CHARACTERISTICS:** this summarizes the main information about the leather, such as its origin, the processes it has undergone and its type.
- **THICKNESS:** the average thickness of the finished leather.

CHARACTERISTICS OF LEATHER COVERS

From the beginning, Ventura has decided to guarantee the removability of its products at all times. When slogans such as "circularity" and "cut down on waste" were not yet fashionable, it seemed to us the right way to extend the useful life of our products as much as possible, reducing in meantime waste and pollution. While the world has continued on the path of "planned obsolescence" to this day, Ventura continues with conviction on the path of "designed durability". Choosing a Ventura leather product, therefore, it will be completely removable, except for special requests that must be indicated, approved and, if necessary, quantified in the order phase. A leather sofa with a removable cover preserves all the positive aspects of the material, allowing in addition the possibility of changing the covering over time without having to replace the entire product. There are any aesthetic differences between a leather sofa with a removable cover and a traditional one, which we ask you to evaluate beforehand and emphasize to your Customer. The leather that covers the structures will in fact be less taut and less stretched than nailed leather. There are several photos on our website that highlight this feature, so that you can present them to your customer for an informed choice. If your customer prefer a traditional nailed leather, please contact us for a feasibility request and a dedicated quotation (depending on the model, there may be surcharges due to body modifications and increased leather consumption).

ATTENTION! Variations are possible in the leather lining compared to the fabric version, due to constraints caused by the different material (e.g. additional or different types of stitching). We strive to keep such differences to a minimum and only in cases where there is no better alternative.

MAINTENANCE AND ADVICE ON LEATHER (FOLLOW THESE INSTRUCTIONS CAREFULLY)

Leather is a material that man has been using and working with since the dawn of time. It is a 100% natural material; this naturalness can be heavily altered by modern processing techniques, in order to reduce the inherent defects in the material and to make it more resistant to wear and dirt. We believe that these techniques are acceptable as long as they do not distort the material. That is why we have selected leathers whose treatments are reduced to a minimum, preferring to offer more delicate and marked leathers that retain the charm and properties of the "real leather" of yesteryear. Ventura leathers will always distinctive traits that confirm the naturalness and craftsmanship of the production process: scars, insect bites, stretch marks, differences in grain and color are imprints left by the life of the animal that the hand-cutting process reduces to a minimum, but not eliminate completely. It's important for us that these processes preserve the breathability of the leather itself and its pleasant softness to the touch. All the natural characteristics of our leathers, enhanced and not reduced by the processes they undergo, combined with the maintenance advice below will allow you to be the happy owner of a refined product, elegant and durable, which will acquire value over time, rather than lose it, as it will retain the "experience" of the user.

TIPS

- Keep the sofa at least 50 cm away from heat sources such as stoves or radiators.
- To maintain the color of the covering, avoid exposing the sofa directly to sunlight or powerful lamps.
- The causes listed above, as well as the use of aggressive detergents, may irreparably damage the leather covering, causing cracks and color changes.
- The colors of the leathers shown in the sample are to be considered indicative as it is technically impossible to obtain the same color shade in subsequent processes. In particular, some differences may be found on those leathers that have received particular processes that deliberately tend to wear out or remove uniformity from the color. For these reasons, our Company declines all responsibility for matching requests made after a certain period of time and for slight differences between the sample and the product.
- Dark colored garments, especially jeans and clothes made of natural fibers, rub against lighter colored leather and release color particles that can stain it irreparably. It is strongly recommended that a light-colored cloth be placed between the sofa and the garment.

MAINTENANCE

- Dust regularly with a soft, clean, light-colored cloth, preferably white.
- For common dirt: brush gently with a clean, soft-bristled brush used only for this purpose, preferably light-colored. It is possible to use a normal Hoover, taking care that the accessories supplied are not abrasive when used on the covering.
- For stains caused by non-greasy liquids (wine, soft drinks, coffee, tea): blot the liquid with a white cloth or kitchen absorbent paper in order to remove it from the leather upholstery as quickly as possible. Using a clean cloth dampened with water only, gently clean the stain, always moving from the outside of the stain towards the center. Then dry with another clean, dry cloth.
- For stains caused by fatty or sugary substances (oil, jam, sauces, cream, etc.), remove the substance immediately from the surface with the aid of kitchen paper towels, without pressing on the surface, to prevent the substance from being absorbed into the surface. Then, using a clean cloth dampened with a solution of colorless neutral soap and water, rub gently from the outside towards the inside of the stain. Dry immediately with a clean cloth.
- Never place the leather in direct sunlight or use a hair dryer to speed up drying.
- There are specialized leather care and cleaning products on the market. Although they are generally safe, we recommend that you carry out a trial use on a non-visible portion of the lining.

GENERAL SERVICE CONDITIONS

All service requests or claims, whether under warranty or not, must always be sent in writing together with a copy of the "PRODUCT CERTIFICATE" Required and explanatory phone conversations are to be considered as subsequent additions to the written notice. The collection and delivery of products or materials related to a service request will be carriage paid to the retailer's warehouse. Collection and/or delivery to the home address of the end customer is not included. Returned parts must be packed by the retailer. Requests for any inspection visits to end customers must be made to the agent for that area. In the event of a home visit to an end customer, our appointed representative must always be accompanied by a representative of the retailer.

SERVICE CONDITIONS FOR THE STRUCTURE

ONE YEAR OF WARRANTY

All of the parts that make up the structure are covered by a 1-year warranty valid from the date of purchase. Components found to be defective as a result of a proven manufacturing fault will be replaced free of charge. Replacement of the entire product is excluded.

The warranty will be void in the event that:

- The product has been tampered with or in the case of improper use, negligence or any cause not attributable to manufacturing defects.

- The product is not accompanied by its "PRODUCT CERTIFICATE".

- The product has been manufactured with special finishes and/or is made to measure.

This warranty does not cover compensation for direct or indirect damages of any kind to persons or things and/or due for the period of service and repair of the product. Deterioration of materials caused by normal wear is excluded from the warranty.

POST-WARRANTY SERVICE

If the retailer requires assistance during the post-warranty period, the manufacturer undertakes to provide it at a cost. Any work will be assessed and a written estimate will be provided with a description of the work and the relative costs, which must be authorised by the retailer before the work can begin.

SERVICE CONDITIONS FOR THE COVERS

ONE YEAR OF WARRANTY

All of the manufacturing processes and materials, excluding the fabric (see separate chapter) used to manufacture the covers are covered by a warranty valid for one year from the date of purchase. Components found to be defective as a result of a proven manufacturing fault will be replaced free of charge. Replacement of the entire product is excluded.

The warranty will be void in the event that:

- The product has been tampered with or in the case of improper use, negligence or any cause not attributable to manufacturing defects.

- The product is not accompanied by its "PRODUCT CERTIFICATE".

- The product has been manufactured with special finishes and/or is made to measure.

This warranty does not cover compensation for direct or indirect damages of any kind to persons and/or things for the period of service and repair of the product. Deterioration of materials caused by normal wear is excluded from the warranty.

POST-WARRANTY SERVICE

If the retailer requires assistance during the post-warranty period, the manufacturer undertakes to provide it at a cost. Any work will be assessed and a written estimate will be provided with a description of the work and the relative costs, which must be authorised by the retailer before the work can begin.

CONDITIONS OF CARE FOR FABRICS AND LEATHERS

AESTHETIC DEFECTS

Aesthetic problems or visible construction defects must be reported within 30 days of delivery. After this period, only problems concerning the strength parameters will be considered. About leather, the signs of the animal's experience, even if reduced by tanning, selection and hand cutting treatments, cannot be completely avoided. Therefore, they are intrinsic characteristics of the material and its naturalness, and not defects.

FABRIC RESISTANCE PARAMETERS

The guarantee on fabrics relates exclusively to their manufacturing characteristics.

- Resistance to wear

- Resistance to light

- Pilling resistance

If, in the event of a dispute, resistance tests are carried out and the results are lower than those declared, the company will guarantee free replacement of the defective components. However, it is excluded the replacement of the entire product. The costs of the test shall be borne by the losing party.

WASHING OF FABRICS (Leather cannot be washed...)

In the event of complaints about abnormal reactions of the fabrics to the permitted washings, a verification test shall be carried out by treating a sample of the same article supplied by the manufacturer. If the test reveals an anomaly, the Company will guarantee free replacement of the defective components. The replacement of the entire product is excluded. The warranty does not cover deterioration due to normal wear and tear, incorrect use, negligence or any other cause not attributable to manufacturing defects.

| VERSANDKOSTEN (MAX. 5 MUSTER) SHIPPING PRICE (MAX. 5) |
|--|
| 40 |

ACHTUNG! Bitte beachten Sie, dass leichte Abweichungen möglich sein können, da die Stoffballen des Herstellers, von dem diese Muster stammen, bei einer eventuellen später folgenden Bestellung natürlich bereits für laufende und andere vorherige Bestellungen verwandt & aufgebraucht wurden.
ATTENTION! The colour of the product that you'll order afterwards with this fabric may differ slightly from this sample, because it's technically impossible to obtain the same shade of colour in subsequent processing.

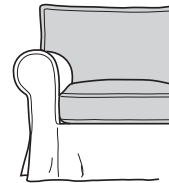

Fremdstoffe
Fabric supplied by customer

Die Produktionszeit wird ab Erhalt des Stoffes kalkuliert.
Processing times are calculated from receipt of the fabric itself.

ACHTUNG! Bitte stellen Sie sicher, dass der zu verarbeitende Stoff 140 cm hoch ist und der notwendige Stoffbedarf gesandt wird. Geben Sie unbedingt die rechte und linke Seite, Verarbeitungsrichtung und evtl. notwendige Sonderverarbeitungen des Stoffes an
ATTENTION! Verify that the fabric to be processed is 140 cm width and in the required size. Clearly indicate the obverse face, the reverse, the right direction of weft, warp and pattern and/or any necessary special workings.

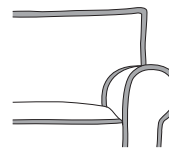

Zwei- oder mehrfarbige Ausführung
Two-tone cover

Für einige Modelle existiert die Möglichkeit, den Bezug in verschiedenen Farben des gleichen Stoffes zu realisieren. **Diese Extraanfertigung kostet einen Aufpreis von 5 % auf den Listenpreis**, welcher sich aus dem höheren Stoffbedarf und der nötigen Sonderanfertigung ergibt. Für alle anderen Modelle sowie für die Anfertigung aus verschiedenen Stofftypen kontaktieren Sie bitte unser technisches Büro, um Ihnen umgehend einen spezifizierten Kostenvorschlag machen zu können.

For some models, the covers are available in different colours of the same fabric. **For this special customisation, a surcharge of 5% will be added to the list price.** This increase is due to the larger amount of fabric required and to the special extra customised work required. For other models or for making covers in different types of fabric, please contact our technical department for feasibility and a specific quote.

Keder in andersfarbigem Stoff
Different coloured piping

Für alle Modelle mit Keder existiert die Möglichkeit, diesen in einer anderen Farbe des gleichen Stoffes zu realisieren. **Diese Extraanfertigung kostet einen Aufpreis von 5 % auf den Listenpreis**, welcher sich aus dem höheren Stoffbedarf und der nötigen Sonderanfertigung ergibt. Für einen Keder in einem anderen Stofftypus kontaktieren Sie bitte unser technisches Büro, um Ihnen umgehend einen spezifizierten Kostenvorschlag machen zu können.
ACHTUNG: Nicht alle Stoffe eignen sich, um einen Keder daraus zu realisieren. Andersfarbige Keder können durch die mögliche Farbabgabe beim Waschen Flecken auf dem Bezug hinterlassen oder umgekehrt!

For all models with a piped trim on the covers, there is the option of having the piping in a different colour to the fabric. **For this special customisation, a surcharge of 5% will be added to the list price.** This increase is due to the larger amount of fabric required and to the special extra customised work required. To have the piped trim in a different type of fabric to that used for the covers, please contact our technical department for feasibility.
ATTENTION! Not all fabrics are suitable for use as a piped trim or as fabric for piping. Creased profiles contrasting with the lining can stain or be stained by the possible release of colour during washing.

KLEINE MATRATZEN
MATTRESSES FOR PETS

STANDARDVERSION / STANDARD VERSION:

Kleine Polyurethan-Matratze, 4 cm hoch, mit kratzfestem, rautenförmigem Unterschut. Die Matratze wird mit einem abziehbaren Bezug aus dem ausgewählten Stoff realisiert.

ACHTUNG! Nicht alle Musterstoffe sind für diesen Zweck geeignet (in Bezug auf Farbe, Zusammensetzung und Bindung). Bitte wenden Sie sich für weitere Informationen an die technische Abteilung von Ventura.

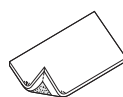

Polyurethane mattress h. 4 cm with scratch-resistant lozenge lower protection support. The mattress is completed with a removable cover in the chosen fabric.

ATTENTION! Not all fabrics in the sample collection are ideal for this purpose (in terms of colour, composition and weave). Please contact Ventura's technical department for more information.

STANDARDVERSION / STANDARD VERSION:

Tische mit Struktur aus weiß lackiertem Metall.

Die Tischplatten des einzelnen Artikels aus verschiedenen Materialkategorien, die jeweils eine vordefinierte Dicke haben, können je nach Spezifikation rund oder quadratisch sein. Wenn bei einem Artikel verschiedene Formen montiert werden können, werden sie als Option angezeigt.

ACHTUNG: die angegebenen Höhen beziehen sich auf den fertigen Tisch mit kompakten Tischplatten mit HPL-Beschichtung "Prestige", 10 mm hoch.

Small tables with a white painted metal frame.

The tops, in different material categories, each having a predefined thickness, can be round or square according to the specifications of the individual article. If the same article can mount tops of different shapes, this will be indicated as an option.

ATTENTION: the heights indicated refer to the finished table with Prestige tabletop in 10 mm compact HPL.

EXTRAS / OPTIONAL EXTRA:

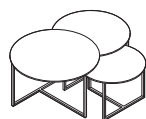

- A. Struktur aus lackiertem Metall, in carbon, iron silver.
Metal frame painted carbon, iron, silver.

STANDARDVERSION / STANDARD VERSION:

Tische mit Struktur aus weiß lackiertem Metall.
Die Tischplatten des einzelnen Artikels aus verschiedenen Materialkategorien, die jeweils eine vordefinierte Dicke haben, können je nach Spezifikation rund, quadratisch oder hypoelliptisch sein. Wenn bei einem Artikel verschiedene Formen montiert werden können, werden sie als Option angezeigt.

ACHTUNG: die angegebenen Höhen beziehen sich auf den fertigen Tisch mit "Basic"-Tischplatte aus in Laminat, 20 mm hoch. Kompakte HPL-Tischplatten haben ein um 1 cm kleineres Maß als angegeben.

Small tables with a white painted metal frame.

The tops, in different material categories, each having a predefined thickness, can be round, square or or hypoelliptical according to the specifications of the individual article. If the same article can mount tops of different shapes, this will be indicated as an option.

ATTENTION: the indicated heights refer to the finished table with Basic tabletop in 20 mm plastic laminate. Compact HPL tops are 1 cm thicker than indicated.

EXTRAS / OPTIONAL EXTRA:

- A. Metallstruktur schwarz / dunkelgrau lackiert.
Metal frame painted black, dark grey.
- B. Verchromte Metallstruktur.
Chrome-plated metal frame.
- C. Runde Tischplatte, Ø 60 cm.
Ø 60 cm round top.

- 3) Perforated Mind Foam visco-elastic sheet h. 4 cm.
- 4) Sound-dampening needle punched reinforcement felt.
- 5) Individually packed springs in steel wire \varnothing 1,8 mm (h. spring 10 cm), with a polyurethane "Box System" structure.

COMFORT PRESTIGE Polyurethan-Matratze / Polyurethane mattress

- 1) Gepolsterter Bezug, mit Reißverschluss, 100% Polyester, milbendicht: dieser Bezug ist abziehbar, waschbar und bei Bedarf austauschbar.
- 2) Elastisches, synthetisches Jersey mit Reißverschluss: dient zur Erleichterung des Abnehmens und Wiederbeziehens der Matratze, außerdem schützt es das Polyurethan vor ständigem Reiben.
- 3) Polyurethan-Hartschaum, FCKW-frei, nicht vergilbend, mittlere Dichte: eine Verbindung mit mittlerem-niedrigen Härtegrad, speziell entwickelt, um das Ruhen zu begünstigen.

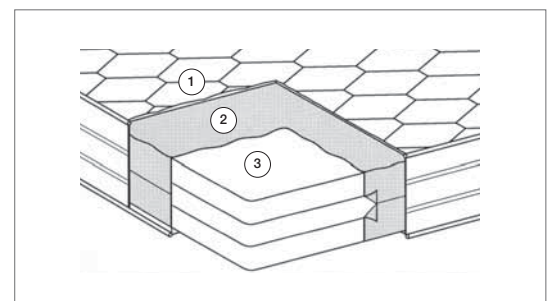

- 1) Padded, zipped, 100% polyester mite-proof lining: this cover is removable, washable and replaceable if required.
- 2) Elastic, synthetic, zipped jersey: serves to facilitate the removal and reupholstering of the mattress, while also protecting the polyurethane from constant rubbing.
- 3) CFC-free, non-yellowing, medium-density polyurethane foam: medium-low bearing capacity compound, specially designed to favour rest for the majority of users.

COMFORT ELITE Polyurethan-Matratze / Polyurethane mattress

- 1) Gepolsterter Bezug, mit Reißverschluss, 100% Polyester, milbendicht: dieser Bezug ist abziehbar, waschbar und bei Bedarf austauschbar.
- 2) Elastisches, synthetisches Jersey mit Reißverschluss: dient zur Erleichterung des Abnehmens und Wiederbeziehens der Matratze, außerdem schützt es das Polyurethan vor ständigem Reiben.
- 3) Mehrschichtiger Polyurethanschaum, FCKW-frei, nicht vergilbend; die drei verschiedenen Schichten werden kalibriert für eine mittelhohe Tragfähigkeit, die dennoch ein ausgezeichnetes Gefühl der Behaglichkeit gibt; die äußeren Schichten haben unterschiedliche Tragfähigkeiten für ein unterschiedliches Ausgangsgefühl der Unterstützung (weicher oder härter), entsprechend der benutzten Oberseite.

- 1) Padded, zipped, 100% polyester mite-proof lining: this cover is removable, washable and replaceable if required.
- 2) Elastic, synthetic, zipped jersey: serves to facilitate the removal and reupholstering of the mattress, while also protecting the polyurethane from constant rubbing.
- 3) Multilayer of polyurethane foam, CFC-free, non-yellowing: the three different layers are calibrated for a medium-high bearing capacity that still gives an excellent feeling of cosiness; the outer layers have different bearing capacities for a different initial feeling of support (softer or stiffer) according to the upper side used.

 1. Chrome-plated metal foot. 2. Seat cushions in "POLIPIUMA SLIM". 3. Back cushions in "MOLLA PIUMA".

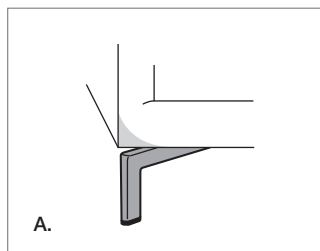

ACHTUNG! Die Maßangaben aller Produkte sind unbedingt als circa-Maße anzusehen und können etwas variieren, da es sich um sagomatische Polstermöbel (-elemente) handelt.
ATTENTION! The dimensions are purely indicative as they refer to upholstered and shaped elements.

MIT KLEINEREN RÜCKENKISSEN / WITH REDUCED BACK CUSHION

STANDARDFUSS / STANDARD FOOT
 Verchromter Metallfuß.
 Chrome-plated metal foot.

STANDARDVERSION: ABHÄNGIGE, ZU KOMBINIERENDE ELEMENTE

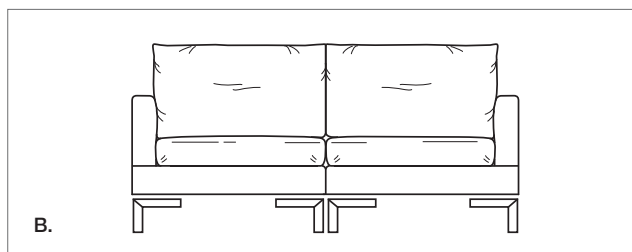

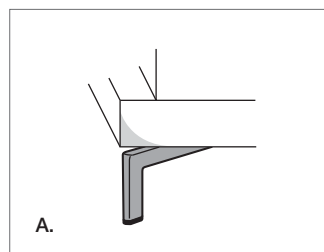

Die Kombinationselemente (gekennzeichnet durch die gestrichelte Linie) werden miteinander durch einen nicht sichtbaren Schienenfuss verbunden.

STANDARD VERSION: SUSPENDED ELEMENTS

The suspended elements (identified by the hatching) are united with an invisible junction foot to be screwed.

EXTRAS / OPTIONAL EXTRA:

- A. Metallfuß in "silver", "iron" oder "carbon" lackiert.
 Foot painted silver, iron, carbon.
- B. Autonome Einzelelemente mit 4 Füßen / Stand-alone version with 4 feet.

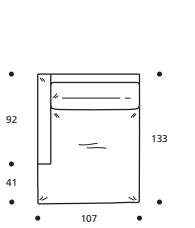

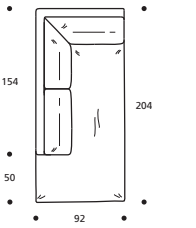

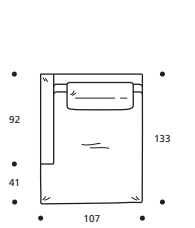

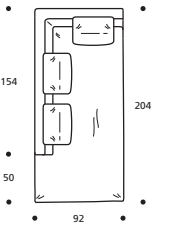

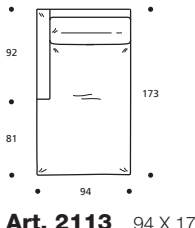

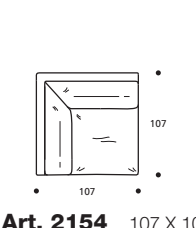

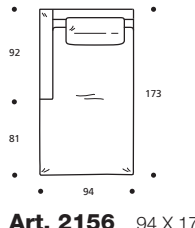

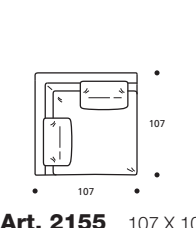

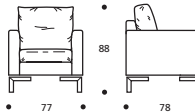

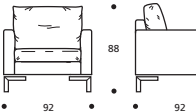

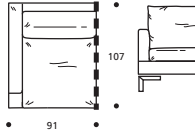

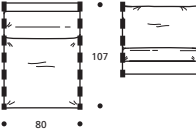

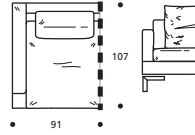

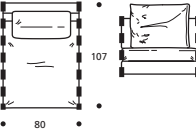

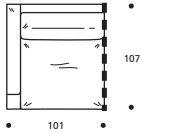

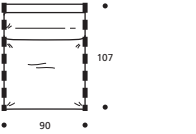

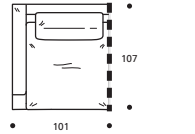

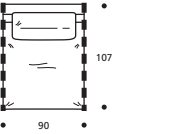

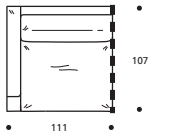

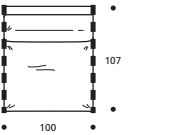

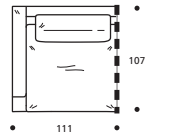

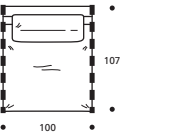

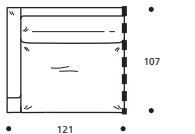

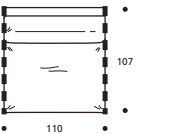

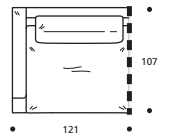

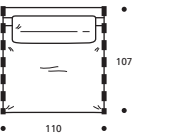

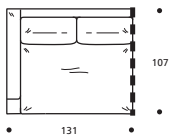

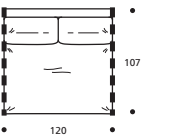

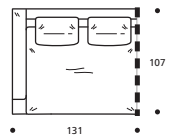

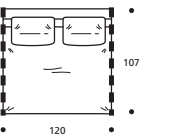

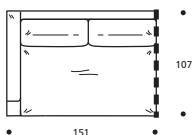

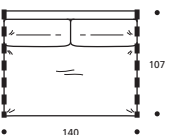

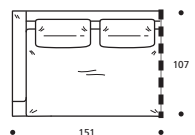

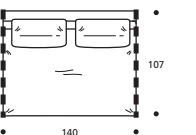

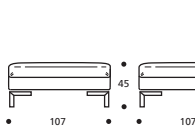

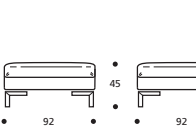

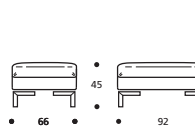

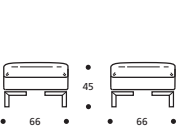

EXTRAVERSION: AUTONOME EINZELELEMENTE MIT 4 FÜßEN

Die autonomen Elemente mit 4 Füßen können schnell verbunden und voneinander gelöst werden.

OPTIONAL VERSION: STAND-ALONE ELEMENTS WITH 4 FEET

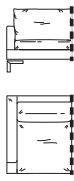

The elements with 4 feet are joined with a quick coupling/releasing system.

 1. Invisible foot in black ABS h. 4 cm. 2. Seat cushions in "POLIDAC". 3. Back cushions in "MOLLA PIUMA".

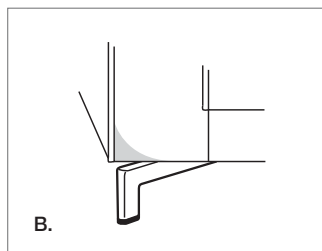

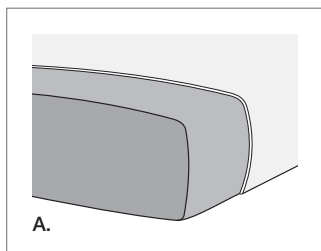

STANDARDFUSS / STANDARD FOOT

Nicht sichtbarer Fuss aus schwarzem ABS, 4 cm hoch.
 Invisible foot in black ABS h. 4 cm.

ACHTUNG! Die Maßangaben aller Produkte sind unbedingt als circa-Maße anzusehen und können etwas variieren, da es sich um sagomatische Polstermöbel (-elemente) handelt.
ATTENTION! The dimensions are purely indicative as they refer to upholstered and shaped elements.

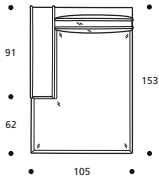

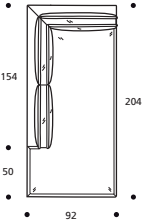

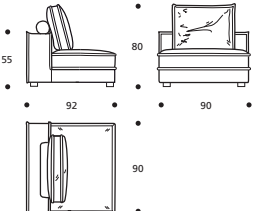

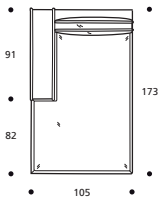

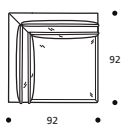

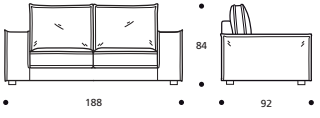

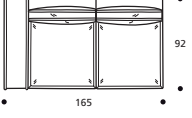

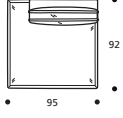

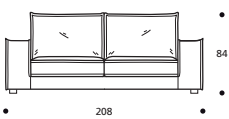

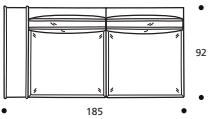

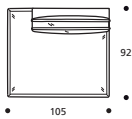

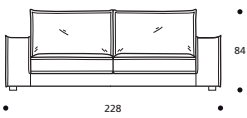

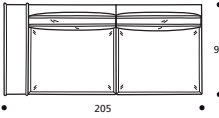

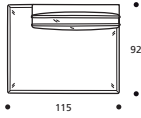

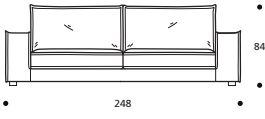

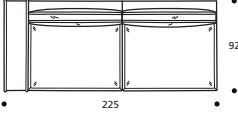

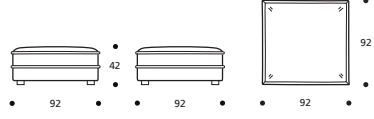

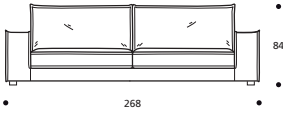

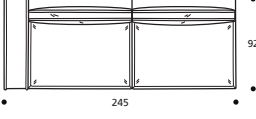

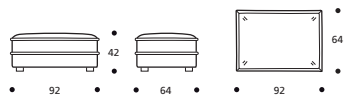

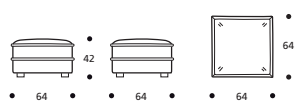

EXTRAS / OPTIONAL EXTRA:

- A. Sitzkissenset "HÄRTER" / Seat cushions in "HIGH DENSITY".
- B. Fuß aus verchromtem Metall, 10 cm hoch / Chrome-plated metal foot h. cm. 10

ACHTUNG: Bei Wahl dieses Fußes verändern sich die Gesamthöhen wie u.a. auch die Sitzhöhe um 6 cm!
ATTENTION: with the use of this foot you change the heights, including the seat, of 6 cm.

STANDARDVERSION / STANDARD VERSION:

1. Verchromter Metallfuß in Schienenform. 2. Sitzkissen in "POLIDAC".
1. Bridge foot in chrome metal. 2. Seat cushions in "POLIDAC".

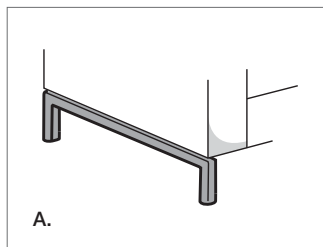

ACHTUNG! Die Maßangaben aller Produkte sind unbedingt als circa-Maße anzusehen und können etwas variieren, da es sich um sagomatische Polstermöbel (-elemente) handelt.
ATTENTION! The dimensions are purely indicative as they refer to upholstered and shaped elements.

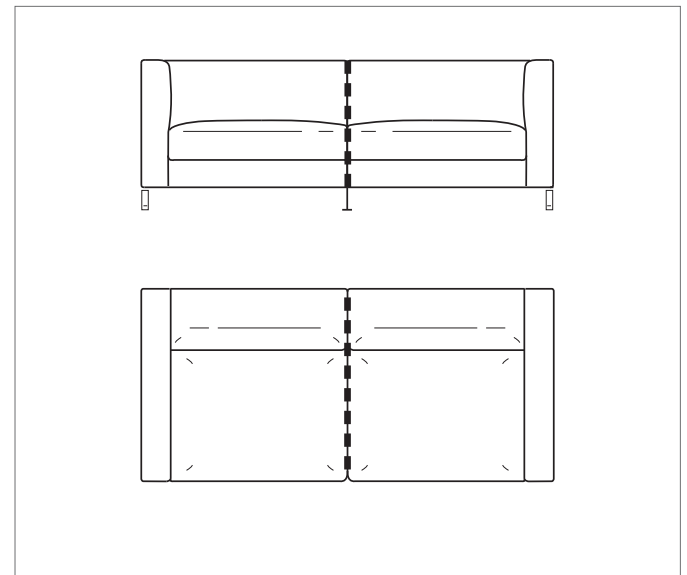

STANDARDFUSS / STANDARD FOOT
Verchromter Metallfuß in Schienenform.
Bridge foot in chrome metal.

EXTRAS / OPTIONAL EXTRA:
A. Metallfuß in Schienenform in "carbon" lackiert.
Bridge foot in lacquer metal, carbon.

KOMBINATIONSELEMENTE / COMONIBLE ELEMENTS

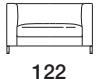

Die Kombinationselemente (gekennzeichnet durch die gestrichelte Linie) werden miteinander durch einen nicht sichtbaren Schienenfuss verbunden.
ACHTUNG! Bei Erwerb als Einzelelement unbedingt Kostenvoranschlag anfordern, da Sonderanfertigungen nötig sind!
Comonible elements (identified with a dotted line) are joined with a concealed coupling foot that screws on.
ATTENTION! For all elements sold separately, please ask for a quote (some special customisations will be required).

VENTURA
PLANNING

All unsere Produkte können im Objektbereich* verwendet werden und sind damit widerstandsfähiger und langlebiger als die normalerweise in diesem Bereich verwendeten Produkte. So ist z.B. das Modell Blog 92 sehr beliebt für Säle, Lounges, Dehors, Warteräume - in kleinen und großen Ausführungen sowie über Eck. Wir haben deshalb das Programm um 3 neue Sofagrößen (mit den entsprechenden Elementen) und 5 Sessel & Hocker erweitert, um gerade in diesem Bereich mehr Einsatzmöglichkeiten zu bieten. Unsere technische Abteilung steht Ihnen mit allen Informationen und Unterstützung zur Verfügung, die für die Entwicklung Ihres Projekts erforderlich sind, bis hin zur Erstellung eines speziellen Angebots für Ihre spezifischen Bedürfnisse.
*Nur vorbehaltlich des Nachweises der erforderlichen Feuerwiderstandsanforderungen.

All our products are suitable for use in the contract sector, being stronger and more durable than products normally used in this area. For example, the Blog 92 model is very popular for lobbies, lounges, dehors and waiting rooms of both small and large dimensions. We have extended the program to include 3 new sofa sizes (with corresponding elements) and 5 new armchairs, small armchairs and ottomans, in order to offer more possibilities for use in this field. Our technical department is available to provide you with all the information and assistance necessary for the development of your project, up to the drafting of a dedicated offer for your specific needs.*

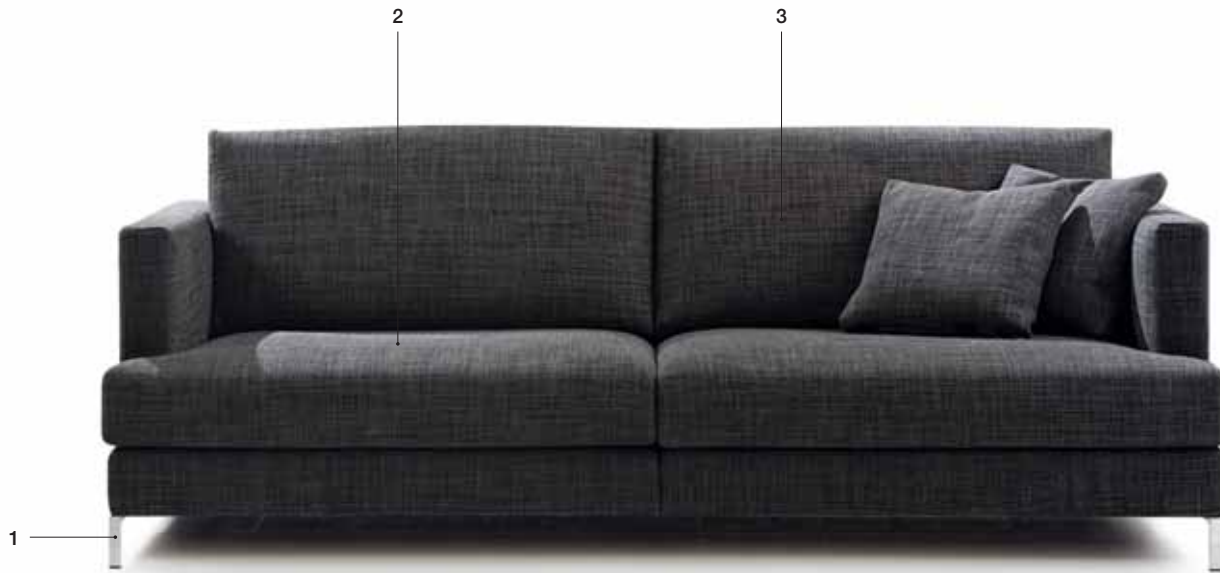

**Subject only to verification of fire resistance requirements.*

STANDARDVERSION / STANDARD VERSION:

1. Verchromter Metallfuß in Schienenform. 2. Sitzkissen in "POLIDAC". 3. Rückenkissen in "POLIDAC".
 1. Bridge foot in chrome metal. 2. Seat cushions in "POLIDAC". 3. Back cushions in "POLIDAC".

OHNE RÜCKENKISSEN / WITHOUT BACK CUSHION

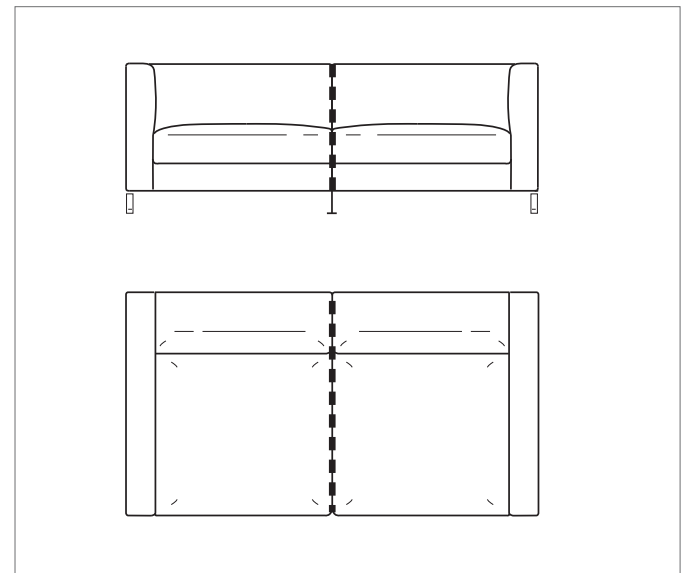

MIT RÜCKENKISSEN / WITH BACK CUSHION

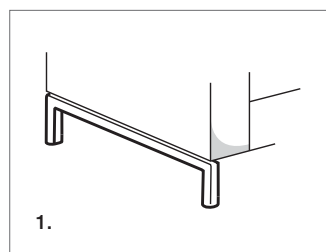

ACHTUNG! Die Maßangaben aller Produkte sind unbedingt als circa-Maße anzusehen und können etwas variieren, da es sich um sagomatische Polstermöbel (-elemente) handelt.
ATTENTION! The dimensions are purely indicative as they refer to upholstered and shaped elements.

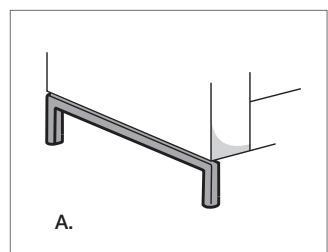

KOMBINATIONSELEMENTE / SUSPENDED ELEMENT

Die Kombinationselemente (gekennzeichnet durch die gestrichelte Linie) werden miteinander durch einen nicht sichtbaren Schienenfuss verbunden.
ACHTUNG! Bei Erwerb als Einzelement unbedingt Kostenvoranschlag anfordern, da Sonderanfertigungen nötig sind!
 Suspended elements (identified with a dotted line) are joined with a concealed coupling foot that screws on.
ATTENTION! For all elements sold separately, please ask for a quote (some special customisations will be required).

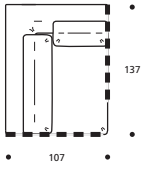

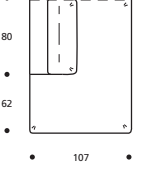

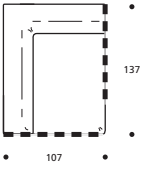

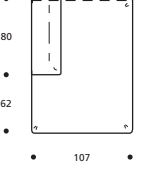

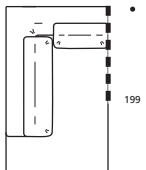

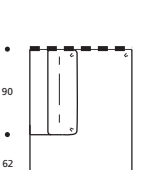

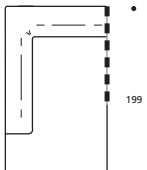

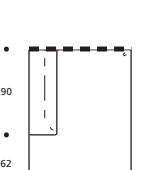

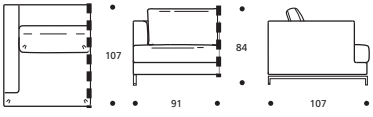

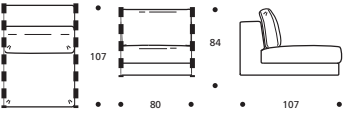

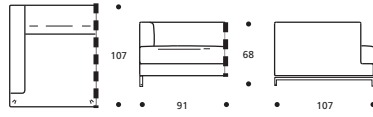

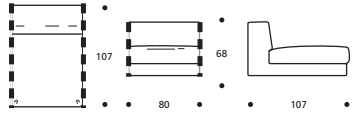

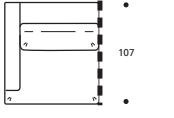

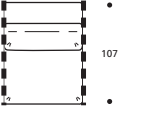

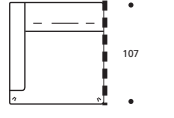

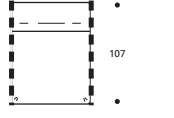

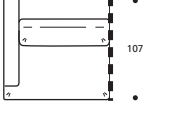

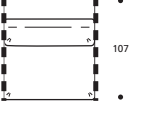

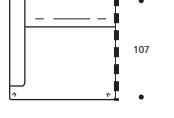

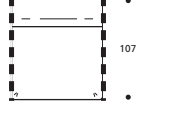

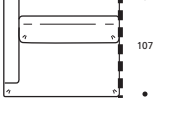

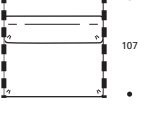

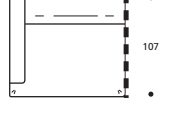

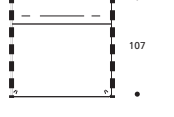

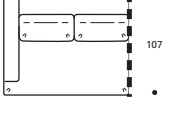

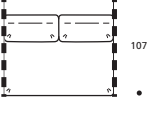

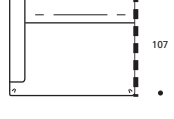

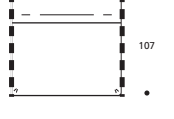

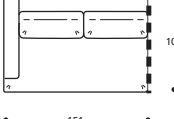

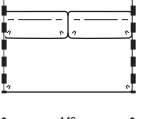

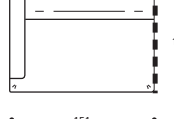

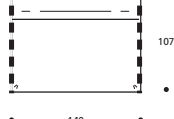

1. **STANDARDFUSS / STANDARD FOOT**

SCHLAFSOFAS / SOFA BEDS

SCHLAFSOFAS / SOFA BEDS

LUDO, SANDY, SANTIAGO, TOBI, VAIO

Diese Modelle wurden erdacht, um die Notwendigkeit befriedigen zu können, aus Platzmangel ein Sofa im Wohnraum zu haben, welches sich schnell & unkompliziert in ein Bett verwandelt. Zur Umwandlung müssen Sitz- und Rückenissen nicht entfernt werden. Das geöffnete Sofa beansprucht den angegebenen Platz, um ein großes Bett beinhalten zu können.

These models are designed to meet the requirement of having a sofa that transforms into a bed in a quick and functional way. They are often the only sofa and bed in the home. To transform the sofa into a bed, the seat and back cushions must not be removed. The open sofa occupies a limited space while providing a large bed.

SCHLAFSOFAKOMBINATIONEN / COMBI SOFA BEDS

BROS, EGO, SANDY

Zwei unserer Modellkolektionen gewährleisten die Möglichkeit, einen Bettmechanismus auch mit aktuellstem modellistischen Design zu vereinbaren. Neben der klassischen Version eines Einzelsofas mit Betteinbau können auch mehrere Elemente je nach ästhetischem bzw. funktionellem Nutzen kombiniert werden.

These collections offer the opportunity to insert a bed mechanism in various models with an extremely contemporary design. The classic sofa solution can be used or you can combine modular elements that optimize the use of space according to various aesthetic and functional needs.

SCHLAF- UND ZUSTELLSOFAS / COORDINATED SOFA BEDS_FIXED ELEMENTS

GINGER & FRED - THELMA & LOUISE - TOM & JERRY (Geleg.Nutzg./Occas. use), EGO - SANDY - SANTIAGO (Häufige Nutzg./Freq. use)

Diese Modellgruppe ermöglicht, im gleichen Raum eine Wohnlandschaft aus einem Schlafsofa und einem normalen Sofa zu kreieren. Die Zustellsofas wurden extra ob der Kombination mit einem Schlafsofa im gleichen Wohnraum entworfen, haben aufgrund der verschiedenen Nutzungsart natürlich ästhetische und konstruktive Unterschiede zu jenem.

These models, which can all be coordinated, allow you to combine a sofa bed with a permanent sofa in the living space of your home. These compatible sofas have been designed for use in the same room even though they have a different structural and aesthetic features depending on the different types of use.

EXTRAMATRATZE / OPTIONAL MATTRESS

comfort

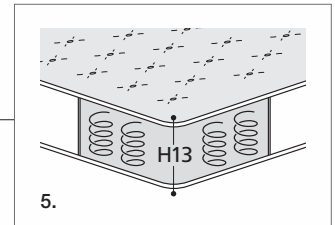

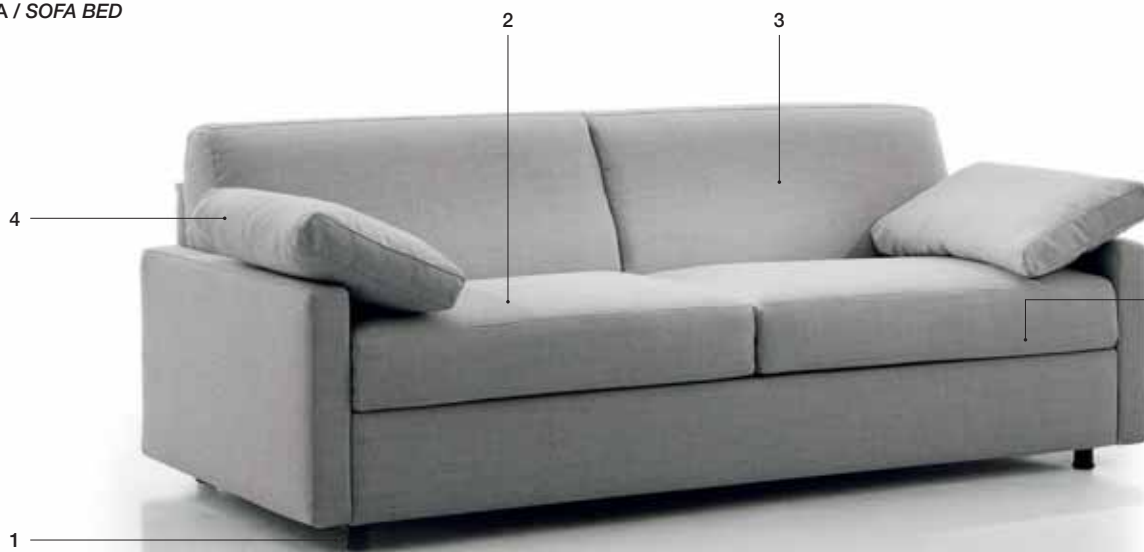

Eine neu konzipierte Matratze aus Hightech-Polyurethan-Verbindungen mit kalibrierter Dichte, um eine noch bessere Tragfähigkeit zu erreichen, ohne übermäßig hart zu wirken. Dieses Material eignet sich hervorragend für die Verwendung bei der Fertigung einer Matratze für Schlafsofas:

- hohe Belastbarkeit auch bei verhältnismäßig niedrigem Durchmesser der Matratze
- große Elastizität, sodass die Matratze auch bei längerer Zeit der Nichtbenutzung und des Einklapptseins im Bettmechanismus nicht in Mitleidenschaft gezogen wird. Das Resultat der comfort-Matratze ist ein wohlthuenderer & tieferer Schlaf und wird besonders demjenigen empfohlen, der über einen langen Zeitraum auf dem Schlafsofa schläft.

A new concept for a mattress made of cutting-edge polyurethane compounds with density calibrated to support body weight without being too firm. This innovative material perfectly adapts for use in mattresses for sofa beds:

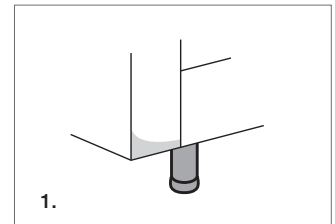

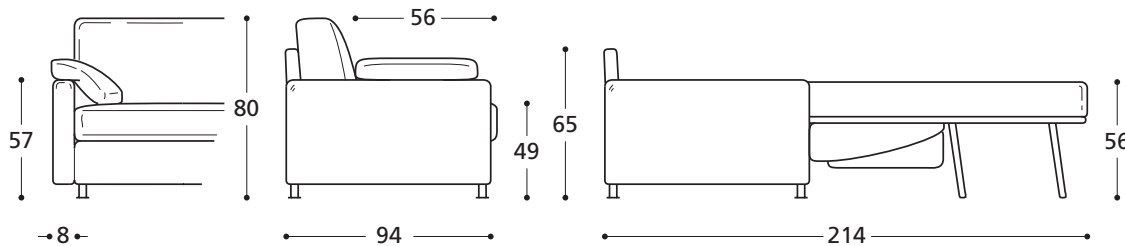

- it can support significant loads even in reduced thicknesses
- offering remarkable elasticity even when remaining folded in internal mechanisms for a long period.
The result is a deeper and more beneficial sleep. It is recommended for those who choose to sleep on a sofa bed for long periods.

BETTSOFA / SOFA BED

**STANDARDVERSION / STANDARD VERSION:**

1. Fixierter, nicht verschiebbarer Lattenrost, 82x192 cm. **Matratze, Bertüberzug, Ergänzungen und Accessoires exclusive.**
 1. Fixed slatted bed base, 82x192 cm, **WITHOUT a lift-up base. Mattress, bedspread, complements and accessories not included.**

“Das Programm Derek ermöglicht es, eine Einzelbettstruktur in 33 verschiedenen Versionen zu realisieren. Auch durch die Komplettierung mit den vielen Accessoires kann also ein ganz personalisiertes Unikat zusammengestellt werden, je nach pers nlichem Wunsch und Nutzungsanspruch.”
 “The Derek Collection allows you to have a single bed structure in a choice of 33 different versions. Therefore, also using the many accessories available, you can have a customised product depending on the room and the required use.”

EXTRAS / OPTIONAL EXTRA:

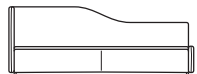

- A. Schlafsofa kann auf Maß (in Breite & Tiefe) angefertigt werden. Fragen Sie nach Machbarkeit und einem spezifischem Angebot. *Sofa bed can be made to measure (in width and depth). Ask for feasibility and dedicated offer.*
 B. Bettsofa mit 200 cm langer Liegefläche (Tiefe unverändert). *Sofa bed with mattress base 200 cm long (depth unchanged).*

ACHTUNG! Die Maßangaben aller Produkte sind unbedingt als circa-Maße anzusehen und können etwas variieren, da es sich um sagomatische Polstermöbel (-elemente) handelt. Die genauen Maße der einzelnen Artikel finden Sie auf den folgenden Seiten.
ATTENTION! The dimensions are purely indicative as they refer to upholstered and shaped elements.

1. Auswahl des Artikels Choose the item

Wählen Sie Ihren **Wunschartikel**, mit einem oder zwei Seitenteilen. Select the **ITEM** you want with either one or two sides.

DEREK MIT EINEM SEITENTEIL DEREK ONE SIDE

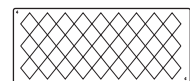

DEREK MIT ZWEI SEITENTEILEN DEREK TWO SIDES

2. Auswahl des Matratzentyps Choose the type of seat

Wenn der Gebrauch mehr der eines **SOFA** sein soll, wählen Sie einen der eher wie ein Sofakissen gefertigten Artikel in POLIDAC. *If its main use will be as a SOFA, choose one of the cushions available (they already include a cover).*

Soll der Gebrauch häufiger oder vorwiegend der eines **BETTES** sein, so wählen Sie einen der angebotenen Matratzentypen. *If its main use will be as a BED, choose from the various mattresses available.*

Dazu kann man einen legeren Überzug wählen, welcher durch seine 4 Gummizüge im Handumdrehen auf- und abzuziehen ist. Und: man kann Bettlaken und eine Decke darunter lassen. *Decide if you want a cover for the mattress that is easy to put on and remove (a sheet and cover can be left on underneath).*

3. Auswahl der Ergänzungen Choose the complements

In dem Hohlraum unter jedem Artikel des **PROGRAMMS DEREK** können folgende sinnvolle Ergänzungen verstaut werden: *Under each item in the DEREK COLLECTION, the following can be positioned:*

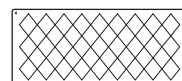

EIN PAAR HOLZSCHUBLADEN A PAIR OF DRAWERS

oder EIN ZWEITBETT or AN ADDITIONAL BED

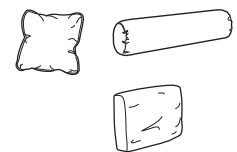

Bei der Wahl dessen entscheiden Sie sich für einen der beiden Matratzentypen. *If you choose this solution, you need to decide which type of mattress you want*

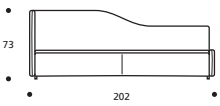

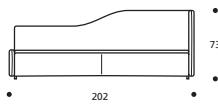

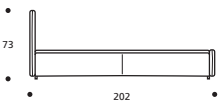

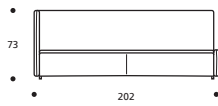

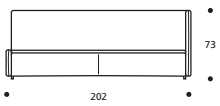

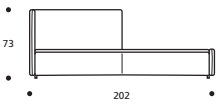

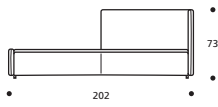

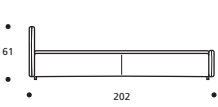

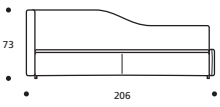

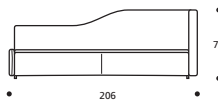

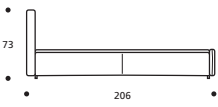

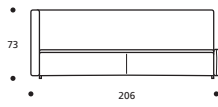

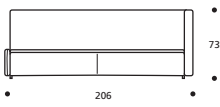

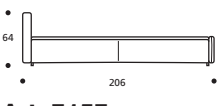

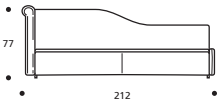

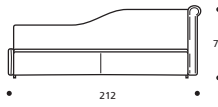

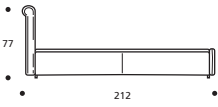

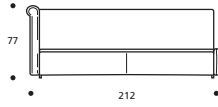

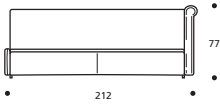

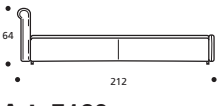

4. Auswahl der Accessoires Choose the accessories

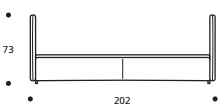

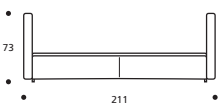

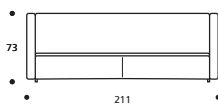

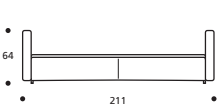

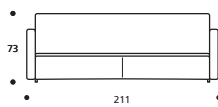

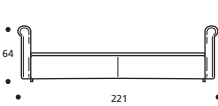

Jeder Artikel kann beliebig mit den gebotenen Accessoires ausgestattet werden – ganz nach dem pers nlichen Geschmack. *Each item can be accessorized with various types of cushion so that the product you choose is aesthetically and functionally ideal for your needs.*
